C. Banerjee, District Judge (Retired), as Chairman and Shri S. C. Mukherjee, District Judge, as member;

And whereas during the pendency of proceedings before the said Tribunal a complaint in writing was received from Shri Tawakul Khan, employee of Angus Jute Mill, Bhadreswar, post office Angus, one of the said Jute Mills, before the said Tribunal against the said Company alleging that the said Company had punished the said employee concerned in such disputes;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

the matter of a complaint under section 33A of the Industrial Disputes Act, 1947, by Shri Tawakul Khan, Dandy, against Angus Jute Mill, Ltd., arising out of an industrial dispute between 100 Jute Mills in West Bengal and their workmen referred by Government orders Nos. 1988-Dis./D/7L-48(A)/53, dated 7th April 1954, 3393Dis./D/3A-10/54, dated 12th July 1954 and 3537Dis./D/7L-47/54, dated 21st July 1954.

BEFORE THE INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI M. C. BANERJI, *District Judge (Retd.), Chairman.*

SHRI S. C. MUKHERJI, *District Judge, Member.*

For the workman: Mr. S. Khan.

For the Company: Shri J. Raman of the I.J.M.A.

AWARD.

While the aforesaid dispute was pending before the Jute Tribunal, the Tawakul Khan filed the present application under section 33A of the Industrial Disputes Act on the ground that he was employed as a permanent workman in Boat No. 5 of Angus Jute Works, that the Manager Angus Jute Works is the employer, that during the pendency of the adjudication proceedings, the petitioner had been warned by way of

punishment without giving the petitioner any charge-sheet and no opportunity to explain his conduct, that the warning notice was given in Form P.1, that the petitioner was made to understand that he had been punished and as this punishment had been given without permission of the Tribunal, it must be set aside.

The Company, on the other hand, contended that the application was misconceived as a warning was not a punishment and does not amount to violation of section 33 of the Industrial Disputes Act.

DECISION.

We have thought over the matter and we agree with the contentions of the company that the application is misconceived as the warning was not a punishment within the meaning of section 33 of the Industrial Disputes Act, 1947 and, therefore, it did not amount to violation of that said provision. Consequently, section 33A does not lie. The application is, therefore, rejected as not maintainable.

SHRI S. C. MUKHERJI, *District Judge, Member.*

AWARD.

The Government of West Bengal, in the Department of Labour, by orders Nos. 1988Dis./D/7L-48(A)/53, dated 7th April 1954, 3393Dis./D/10/54, dated 12th July 1954 and 3537Dis./D/7L-47/54, dated 21st July 1954, referred the industrial dispute between 100 Jute Mills in West Bengal including the Nuddea Jute Mills Co., Ltd. and their workmen to this Tribunal for adjudication. The proceedings arising out of this reference are still pending.

On 20th August 1954 Shri Bhajahari Ghosh, a pin boy of the Nuddea Jute Mills Co., Ltd., filed a complaint under section 33A of the Industrial Disputes Act stating as follows:—

That the petitioner Bhajahari Ghosh had been working as a pin boy in the South Mill Mechanic Department as a temporary workman and the petitioner was informed on the 20th July 1954 that his service would terminate on the 24th July 1954 as he has been found medically unfit, that the petitioner had been trained in the Nuddea Jute Mill and worked there for long on different occasions and has worked continuously from 4th June 1954 to 23rd July 1954, that the petitioner sent an application to the Mill Manager and he was informed that the Manager was not prepared to reconsider his case, that at the time of appointment the petitioner stood second and he was offered job, that the petitioner was not considered surplus to the requirement of the company and he was appointed in a permanent post, that the petitioner got himself examined by Captain A. Sen and he found him fit for work and later the petitioner was also examined by the Civil Surgeon of Hooghly, who too found the petitioner quite fit for work, that the company has contravened section 33 of the Industrial Disputes Act by discharging the petitioner without the permission of the Tribunal, that the petitioner prays for reinstatement and pay for the period of unemployment.

The company, on the other hand, states that the petition under section 33A is misconceived and not maintainable in law, that the petition contains various vague and misleading allegations, that Shri Bhaja Ghosh was selected to work as a temporary pin boy after proper trade on 23rd June 1954, and in accordance with the prevailing practice of the company he was sent to the Mill Medical Officer on the same date for examination regarding his physical fitness for employment, that the Medical Officer found him medically unfit but he wanted to re-examine him after 15 days, that pending his re-examination the petitioner was allowed to work in the mill on the understanding that he would be given the temporary employment of a pin boy only after he had been declared medically fit, that on 12th July 1954 the petitioner was declared medically unfit for work and he was informed that he could not be appointed as a temporary pin boy, that the company submits that the complainant was only selected for the post of a temporary pin boy and was not appointed in a permanent post as alleged, that the Medical certificates obtained from outside medical practitioners are irrelevant, that the company reiterates that it has not contravened section 33 of the Industrial Disputes Act, that in the circumstances Shri Bhajahari Ghosh is not entitled to reinstatement and/or wages for the period of his unemployment.

DECISION.

The Registration Form belies the story of the petitioner that he worked as a permanent pin boy from 24th June 1954 to 23rd July 1954 and on a sudden management discharged him on 24th July 1954. It is unfortunate that he was medically unfit. His appointment, if any, years ago, was only temporary and from time to time. This time when he got the Registration Form for employment as a temporary pin boy as condition precedent to his appointment he has got to pass the Trade test and then medical test. The decision of the company's Medical Officer in such case is normally the final say. The doctor examined him again and again and gave him ample chance but failed to pass him. As a pin boy he has got to stand on the carding machine and to fit the pins. A man with defective heart cannot be passed by any doctor for the job. The company's doctor reports that he suffered from apex of heart in the epigastrie region. The medical certificates forwarded by the workman all show that his defective heart could not go unnoticed by them. In the circumstances, the company's doctor's action and the action of the company based on this report was justified. He was allowed to work for the above period on his instance and as a matter of grace. He cannot take advantage of that favour. He was only selected but never appointed as a temporary pin boy. So he cannot get any relief and his application does not lie and is rejected as not tenable.

the matter of an industrial dispute existing between B.P.M's Press (Messrs. A. T. Dev, Ltd.), 21, Jhamapukur Lane, Calcutta-9 and their workmen represented by Press Employees' Association, 249B, Bowbazar Street, Calcutta-12.

FORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI M. N. GAN, *Judge, Second Industrial Tribunal.*

the Union: **Shri N. R. Roy,** Fleader, assisted by **Shri I. B. Sircar,** Secretary of the Union.

the Company: **Shri N. K. Mukherjee,** Advocate.

AWARD.

This industrial dispute between B.P.M's Press (Messrs A. T. Dev, Ltd.), Jhamapukur Lane, Calcutta-9 and their workmen represented by Press

Employees' Association, 249B, Bowbazar Street, Calcutta-12, regarding the matters specified below, was referred to this Tribunal for its adjudication, under Government of West Bengal, Labour Department, No. 10Dis./D/13L-6/53, dated the 4th January 1954.

Both parties filed their written statements in due course.

In the written statement filed by the Union, it is alleged that Messrs. B.P.M.'s Press, a part of Messrs. A. T. Dev, Ltd., stands on a very weak financial footing. It however treated its workers very harshly. On November 1953, the management asked the workers to sign a declaration form purported to be a production chart. The workers protested and refused to sign. They were willing to sign the Attendance Register. Thereupon the 14 workers named below, were charge-sheeted on that account, on every day and the hearing of the charges was fixed on 9th November 1953. On the date fixed, the Secretary of the Union was not allowed to enter the office for the purpose of conducting the enquiry on behalf of the workers. On the next day, the workers were not allowed to resume their duties and were turned out of the office. On a reference to the Labour Director Mr. S. N. Chatterjee, Deputy Labour Commissioner, amicably settled the dispute. The management agreed to allow the workers to rejoin their duties on and from 30th December 1953. Mr. Chatterjee suggested that the workers should be paid compensation at 50 per cent. of their basic wages and dearness allowance in respect of the entire period during which they were rendered idle. In the present dispute, the Union claims that 50 per cent. of the basic wages and dearness allowance should be calculated on the basis of the average of six months' earnings.

In reply, Messrs. B.P.M.'s Press alleged that there was no outstanding dispute to be referred to a Tribunal for adjudication. The dispute was settled and the workers resumed their duties on 1st January 1954 in terms of the settlement. They accepted the first instalment of *ex gratia* allowance on 9th January 1954.

The issue is—

- (1) Whether suspension of 14 workers named below is justified? what relief are they entitled to?

- (1) Shri Sudhir Ranjan Dutta, (2) Shri Phanindra Nath Raha, (3) Shri Haradhan Samanta, (4) Shri Paresah Chandra Samanta, (5) Shri Panchanan Samanta, (6) Shri Ajit Kumar Mitra, (7) Shri Gopal Chandra Das, (8) Shri Chintaharan Dutta, (9) Shri Panchanan Mondal, (10) Shri Jitendra Nath Acharya, (11) Shri Debendra Nath Paul, (12) Shri Nitya Gopal Ganguly, (13) Shri Monoranjan Bhattacharjee, (14) Shri Balai Chandra Khara.

FINDINGS.

At the hearing, the learned representatives of both sides suggested that the matter, being simple, should be settled and disposed of quickly.

Heard Shri N. R. Roy and Shri Indu Bhushan Sirkar for the Union and Shri N. K. Mukherjee, Advocate for the management of Messrs. B. P. M. Press and A. T. Dev, Ltd.

The issue is simple. The question of suspension of the workers, alleged by the Union and denied on behalf of the management of the Press, has no importance any more, for the workers in terms of settlement arrived before Shri S. N. Chatterjee, Deputy Labour Commissioner, were allowed

to rejoin their duties and in fact, had been working in the Press since 1st January 1954. The dispute over this has virtually ceased to exist.

Question now is what relief the workers are entitled to for the period of idleness, i.e., from 10th November to 30th December 1953. Admittedly, they did not do any work during this period and the Press had to carry on without them. In view of the settlement arrived at between the parties over the question of suspension, it is considered undesirable to enter into the merits of the matter of dispute or of the justification of the act. The learned Deputy Labour Commissioner recommended that 50 per cent. of the basic wages and dearness allowance for the whole period of this unemployment be paid to the workers. The management in reply expressed its inability to accept the suggestion and said that they would pay for a period limited to one month only. I gather that already six instalments out of seven of this one month's existing wages, at the rate recommended by the Deputy Labour Commissioner, have already been paid and received by the workers. The learned representatives of the Union took up a very realistic attitude in this matter but suggested that the compensation should be paid for the entire unemployment period. Another dispute is pending before another Tribunal regarding basic ages and dearness allowance. It has, accordingly, been suggested by the learned representatives of both sides that this matter should be settled and disposed of without trying to fix in any way the basic wages and the dearness allowance. As the matter is *sub judice* before another learned Tribunal, I accept this suggestion. These workers were paid at the existing rates, both before and after this period of unemployment. They should in fairness or reason accept 50 per cent. of the basic wages and dearness allowance at the existing rates. In fact, after some discussion, the learned representatives of both sides agreed to settle this matter on the following terms:—

The management should pay 50 per cent of the basic wages and dearness allowance for the period of five weeks only, out of the period of unemployment, at the existing rates within one week of this date.

This is without any prejudice to the rights of either party in pending dispute regarding basic wages and dearness allowance.

Shri I. B. Sircar, Secretary of the Association, pressed for pay of the workers attending this Tribunal for the hearing of this case. He said that they attended the Tribunal in connection with the hearing of this case for two days including 10th January 1955 and that they were not paid on the last date. Shri Mazumdar, one of the Directors of the Press, said that he would pay for these days but there was no obligation for the workers attending the hearing of the case in such large numbers at a considerable cost of the management. Heard both sides. It is not desirable that such a large number of workers should attend the hearing of the Tribunal from day to day and that at the cost of the management of the Press, unless the evidence of all those workers was considered essentially necessary. Even in that case, the Association should apply to the Tribunal in advance for the hearing for permission to allow the workers to attend. It is however recommended, as a special case that the management will allow all those workers who attended on 10th January 1955 and on the previous day of

the hearing, leave with full pay (less the amount, if any, already paid). This is my award.

Miscellaneous Case No. 188 of 1954 under section 33A of the Industrial Disputes Act.

versus

Uma Charan Sadhukhan Oil Mill, 95, Haragunj Road, Salkia, Howrah ... *Opposite party*

For the petitioners: Shri Panchanan Bhattacharyya.

For the opposite party: Shri Madhusudan Banerjee.

AWARD.

This is a complaint under section 33A by Shri Surath Ram and two others. They were workers in opposite Oil Mill (Uma Charan Sadhukhan Oil Mill). Their employment was terminated on 6th May 1954. The complainants alleged that although they were dismissed, they were allowed to live in the quarters provided by the Mill till 31st August 1954. During pendency of the proceeding before this Tribunal in respect of an industrial dispute between the Oil Mill and their workmen, the petitioners alleged that they were forcibly ejected by the Mill management on 1st September 1954. Hence the complaint. The complainants accordingly prayed that the Mill should be directed to pay them house rent at the rate of Rs. 12 per head per month from 1st September 1954.

The opposite party denied that the complainants had lived in the Mill quarters beyond 6th May 1954. It was pleaded that the complainants left the Mill premises on 6th May 1954 when their employment ceased. It was further alleged that this was long before the date of reference to the Tribunal and thus there was no contravention of section 33. The opposite party further stated that there was no contract of service under which the complainants were entitled to get quarters to live in. In the circumstances the opposite party submitted that the complaint should be dismissed.

DECISION.

None of the complainants has come to depose before this Tribunal. In the absence of evidence it must be held that there has been no contravention of section 33. In the result, the complaint under section 33A must fail.

I award accordingly.

PRESENT:

SHRI J. N. MAITRA, Judge, Third Industrial Tribunal.

For the workman: Shri H. L. Roy, Pleader.

For the Company: Shri Samarendra Nath Roy, Pleader.

AWARD.

1. By order No. 3418Dis./D/10L-59/54, dated the 14th July 1954 the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Indian Malleable Castings, Ltd., 4, Lyons Range, Calcutta and one of their employees, Shri Sarat Kumar Das, 9, N. C. Chatterjee Street, post office Ariadaha, 24-Parganas, regarding the matters specified in the schedule, to the Third Industrial Tribunal constituted under section 7 of the Industrial Disputes Act, 1947, notification No. 592Dis./D/12L-5/52, dated the 23rd February 1953, for adjudication.

2. After usual summons the parties entered appearance and filed their written statements. Pleadings were completed on 19th August 1954. The parties were thereafter directed to file list of documents. The matter after adjournments, hearing was concluded on 7th December 1954.

3. The matter of dispute as stated in the schedule to the order of reference is as follows:—

Whether termination of employment of Shri Sarat Kumar Das was justified. Is he entitled to reinstatement and/or compensation?

4. The dispute arose out of discharge of workman, Shri Sarat Kumar Das. Messrs. Indian Malleable Castings, Ltd., (hereafter called the Company), is a limited concern, registered under the Indian Companies Act. Shri Sarat Kumar Das had joined on 25th August 1948, as a clerk in Belghoria factory of the Company on a monthly salary of Rs. 60 plus dearness allowance of Rs. 35, in all Rs. 95. He was employed in the factory from then till 7th September 1952. So long he was posted in the factory, he could attend it from his home at Ariadaha either on foot or by cycle without incurring expenditure.

On 8th September 1952, he had joined on transfer at the Company Head Office, at 4, Lyons Range, Calcutta and was placed in the Sales Department. On 28th January 1953, he was served with a notice terminating his employment with immediate effect on the ground that his services in the Sales Department were no longer required. He was offered one month's salary in lieu of notice. Hence the dispute.

The case of the workman, briefly stated, is as follows:—

During the period of his employment in the factory at Belghoria, he was employed as Cashier-cum-Head Clerk for about 9 months from September 1949 to May 1950 for which he was promised 50 per cent. increment in basic salary. The Company did not, however, keep its promise. It eventually granted him a nominal increment of Rs. 5 on his basic salary from 1st September 1950, although he had discharged his duties efficiently and faithfully to the satisfaction of the management. When he was transferred to the Head Office in recognition of his efficient work, he was again promised a suitable increment both in consideration of his work and to meet extra expenditure on account of conveyance charges to attend duty at the Head Office in Calcutta from time to time. This promise too was not redeemed in spite of repeated requests. He had approached the management on several occasions on the subject of promised increment but to no avail. On 28th January 1953, he again approached the management with a prayer for increment but this instead of invoking sympathy was met with termination of his service with immediate effect by the notice, Annexure "A". On 29th January 1953, he put in a petition to the Managing Director for reconsideration but without any result. Finding no other alternative, he then approached the Labour Commissioner, West Bengal, for intervention. Thereupon conciliation proceeding was started but without success. Thus the dispute came to be referred to by the Government for adjudication. It was alleged that termination of his employment was *mala fide* and without justification, and that the principle of "last come, first go" was not followed.

In the circumstances, the workman prayed that he should be reinstated and that he should be paid for the period of forced unemployment full compensation including dearness allowance at the rate according to the award of the Engineering Tribunal.

The Company denied having acted *mala fide* in the matter of discharge and pleaded that the workman was retrenched due to *bona fide* trade reasons necessitated by the financial position of the Company. The Company denied having ever promised any increment or the workman having ever approached the Company for the purpose. It was stated that he was given an increment of Rs. 5 in ordinary course and that he was transferred to the Head Office as a normal requirement. There was no question of promising increment to him. The allegation of violating rule of "last come, first go" was also denied.

In the circumstances, the Company submitted that the claims of the workman should be dismissed. The Company also took a preliminary objection that as it was an individual dispute, it would not be an industrial dispute.

DECISION.

In support of his case, the workman has alone deposed (P.W. 1), besides proving documents, Exts. 1 to 4. The Company, on the other hand, has examined its Accountant, D.W. 1, Shri S. Srinivasan, officiating Works Manager, D.W. 2, Shri S. C. Guha and Departmental-in-charge, of Sales, D.W. 3, Shri Karunamoy Ghosal, besides proving documents, Exts. A to C series.

The onus to justify retrenchment is on the Company. From the evidence and circumstances, it appears that the retrenchment was effected due to *bona fide* trade reasons and not from any extraneous considerations.

The successive balance-sheets for the years from 1947 to 1953, Ex series, show that the financial position of the Company was not satisfactory and that the Company sustained huge loss before retrenchment of workman, P.W. 1, in January 1953. Evidence of D.W. 2, shows P.W. 1 was the juniormost amongst the clerks in the factory and he (P.W. 1) was transferred to the Head Office as he was surplus in factory. D.W. 3 deposed that P.W. 1 was the juniormost in the Head Office and that due to financial position he was discharged on the ground of economy. The case of the workman that he was discharged as he made demand for increment on 28th January 1953 is improbable and unnatural. He did not even say so in the first letter which he wrote to the Managing Director on the 29th January 1953 (Ext. 3). There, he had made mention of having approached the management on 29th January 1953 for reconsideration of its decision to retrench him and with an alleged demand for increment. Not only he did not there mention any grievance of his service having been terminated because of demand for increment on 28th January 1953, he, on the contrary, wrote to the Director-in-charge on 29th January 1953 (Ext. A) for grant of certificate of his service. In his subsequent letter, dated 31st January 1953, too, his main grievance was that he was not paid enhanced dearness allowance according to the award of the Engineering Tribunal. These facts in a way are tacit recognition of the fact that there was necessity for retrenchment and that it was *bona fide*. In any case, it was for the management to decide what strength it would maintain. Only if in doing, the management acted *mala fide*, the Tribunal would interfere. In the present case, no extraneous consideration on the part of the management was alleged except demand for increment. The demand for increment, if any, it has already been noted, had nothing to do with the Company's action. In his letter, dated 19th August 1953, served through solicitor (Ext. B), all that the workman demanded was payment of arrears of dearness allowance amounting to Rs. 203 from 30th September 1950 to 30th January 1953, at the rate of Rs. 7 per month on the basis of the award of the Engineering Tribunal, which the workman had claimed to apply in his case. It is, therefore, apparent that the Company did not act from any extraneous consideration. I, therefore, accept that the Company acted *bona fide* in the matter.

As regards allegation of violation of the principle of "last come, first go", the evidence shows that of the clerks who have been retained in service, none is junior to the workman concerned. D.W. 2, stated that of the clerks in the factory, the workmen concerned was the juniormost. D.W. 3, likewise stated that of all those in the Sales Department, P.W. 1 was the juniormost at the time of retrenchment. The workmen, who P.W. 1 claimed in his deposition to be junior to him, the evidence shows do other works and are none clerks. As regards D.W. 3, the evidence shows that he too was serving in the Company in other departments for long before, P.W. 1 joined the concern. I am, therefore, of opinion that there was no violation of rule of "last come, first go" and the termination of his (P.W. 1's) employment was justified.

As regards relief, the workman was offered one month's salary in lieu of notice. Besides notice pay, I think, he should get compensatory pay by way of retrenchment relief. Having regard to the length of service of the workman and capacity of the Company to pay and other relevant factors, the workman is given 2½ months' basic salary as compensation which I think to be fair and reasonable. The Company is directed to pay the amount within a month from the date, the award becomes enforceable.

As to the preliminary objection raised by the Company, it may be noted that it has been held by the Full Bench of the Hon'ble Labour Appellate Tribunal in the case of Swadeshi Cotton Mills, Co., Ltd. *versus* Shri Ram Asraj reported in 1953, L.A.C., (March), 137, that an individual dispute would be an industrial dispute even if his cause be not taken up by the Union. The objection accordingly fails.

I award accordingly.

Messrs. Calcutta Clinical Research Association, Ltd., 10, Rowdon Street

For the petitioner: Shri Panchanan Bhattacharya.

For the opposite party: Shri S. C. Roy, Law Officer of the Company.

AWARD.

This is a complaint under section 33A of the Industrial Disputes Act filed by Shri Gouri Sankar Roy. Before this Tribunal an industrial dispute between the opposite party Company Messrs. Calcutta Clinical Research Association Ltd., (hereafter called the Company) and their workmen has been pending for adjudication. In the said proceeding the workmen represented by the Calcutta Clinical Research Association Mazdoor Union (hereafter called the Union) made an application for directing the Company to allow inspection of certain books of account and other papers. On such petition the Company was directed to allow inspection to the representatives of the Union in its Company's Head Office at Rowdon Street, Calcutta. The complainant Shri Gouri Sankar Roy, who is a workman in this Company, is the Assistant Secretary of the Union. On the basis of the order of the Tribunal Shri Gouri Sankar Roy, the Assistant Secretary of the Union, and the President of the Union went for inspection at the Company's Rowdon Street office on 13th and 18th August 1954. The Company treated the absence of Shri Gouri Sankar Roy on those days as privilege leave. The complainant Shri Gouri Sankar Roy, on the other hand, contended that the absence on those days should be treated as special paid leave. Hence the complaint.

The Company pleaded that the complainant was allowed privilege leave with wages according to the usual practice of the Company and that it was prepared to treat such leave as special leave if Shri Gouri Sankar Roy was held to be entitled to such leave under the law.

DECISION.

When there is no dispute between the parties that the workman Shri Gouri Sankar Roy, absented from duty on 13th and 18th August 1954 for taking inspection as Assistant Secretary of the Union in connection

pending dispute before this Tribunal and in pursuance of the Tribunal's order, I think the workman can legitimately make grievance that such absence of his from duty should not have been credited against privilege leave due to him, but should have been treated as special paid leave. In the circumstances, I think, the absence for those two days should be treated as special paid leave.

I award accordingly.

SHRI G. PALIT, *District Judge, Chairman, Fifth Industrial Tribunal*

Present for the Company: Shri S. C. Sen, Advocate of Messrs. Dignam & Co., Solicitors.

Present for the workers: Shri Subodh Banerji, M.L.A., President of Union.

1. The original reference out of which this case has arisen was under Government order Nos. 3274-Dis./D/111-234/52, dated November 1952 and 2331Dis./D/111-13/53, dated 29th June 1953.

AWARD.

2. It is the contention of the petitioners that during the pendency of the main case before the Tribunal, these workmen have been discharged without any written permission from the Tribunal. So the section 33A of the Act is said to have been infringed. Hence the application under section 33A has been filed.

The Company resists the application. It raises a contention that the application is bad in law, as it has not been signed by the workmen concerned. Its second contention is that these people are not regular employees, and their services are liable to be terminated on 14 days notice during the season. The third contention is, though very recently raised only during the trial, that the present Tribunal is not competent to assume jurisdiction in the present case because, under section 33A, Shri M. C. Banerji, Tribunal, before whom the application was originally filed, was the proper person to decide this matter.

These contentions I take up one after another.

Regarding the first contention, I agree with the Company that under section 33A of the Industrial Disputes Act, it is the workmen who are aggrieved should apply before the Tribunal before whom the main case is pending for adjudication. The matter of representation comes into consideration when the application has been filed. In that view of the matter, the present application is defective. But during the trial these persons presented the application did turn up before the Tribunal. So this defect when all is over, a formal one has been cured.

Regarding the second contention, it is said that these 25 workmen were merely seasonal employees, taken for six months or so, and their services would terminate automatically by the efflux of time when the season is over. Even during the season period their services could be terminated by a notice of 14 days on either side. As it is contended that no permission of the Tribunal under section 33

Act was necessary here. That being so, the application under section 33A of the Act it is urged is out of place. The Company refers to the letter of appointment as per Ext. A, and also the notice enclosed herewith. I, of course, agree that in cases of seasonal employees, when the season is over, their services automatically terminate. No order is necessary, and no notice is called for to terminate their services. In such cases, of course, permission of the Tribunal is not necessary. But where the services are terminated by a notice, as in the present case, it is certainly necessary to have a written permission of the Tribunal under section 33 of the Act, because the services here do not automatically end, but are being terminated by the act of the employer. Such an act should be approved by the Tribunal as a condition precedent to the termination of services when the main case is pending before the Tribunal. So, I find that the Company in this case of 25 workmen has contravened the section 33 of the Act. But as these people were seasonal employees, and as they were very near the end of the term of service, I do not grant them reinstatement. I grant them only compensation. I allow them compensation to the extent of one month's basic salary on the scale of pay last drawn. This is payable within one month of the award coming into operation.

Regarding the third and legal objection, viz., that Shri M. C. Banerji, Tribunal, before whom the application was originally filed, was alone competent to decide this matter under section 33A of the Act, I am unable to agree. Of course, normally, under section 33A the application should be filed before the Tribunal before whom the original case is pending, and that such Tribunal should adjudicate upon the matter. But when the original case is withdrawn and transferred to another Tribunal by the Government, acting under section 10 of the Industrial Disputes Act, it cannot be contended that the section 33A, proceeding must still be decided by that former Tribunal. The clear intention of the section 33A is that the Tribunal which tries the main case is the Tribunal competent to try the case under section 33A which arises out of it. The reason is also clear. That Tribunal being in seisin of the main case, can go right into all questions directly connected with it. That is why a miscellaneous case arising out of it is to be decided by the said Tribunal. In the present case Government by its order of reference mentioned above has transferred the main case to me. So this Tribunal is the appropriate Tribunal which should hear the section 33A proceeding as well. Once the application is filed before the Tribunal, before whom the main case is pending, the requirement of the section 33A is complied with. After that it is up to the Government to withdraw the case and send it to another Tribunal along with the pending application under section 33A. So the Government order of reference in the present case to this Tribunal is in order, and this Tribunal has been vested with the jurisdiction to try the section 33A proceeding, irrespective of the fact that the cause of action had occurred when the main case was pending before Shri M. C. Banerji. So this legal objection is turned down. In the result, the application under section 33A succeeds partially, as already noted. I make no order for costs.

ORDER.

No. 452Dis./D/11L-385/54.—2nd February 1955.—Whereas under Government of West Bengal, Labour Department, order No. 2331D/D/11L-13/53, dated the 29th June 1953, read with its corrigendum No. 3670Dis./D/11L-13/53, dated the 30th September 1953, the industrial dispute between Messrs. Bird & Co., Ltd., Chartered Bank Building Calcutta, and their workmen employed at Kantapukur shed, Hide Ro Tea Transit Shed, Tea Ware House and 3, King George's Dock, represented by Bird & Co., Labour Union of Calcutta, 4B, Kaila Sa Road, Kidderpore, Calcutta-23, West Bengal, Bird & Co. Mazdur Union 94, Garden Reach Road, Kidderpore, Calcutta-23, and Bird & Company Mazdoor Congress, 37C, Nazir Lane, Calcutta-23, was referred adjudication to the Fifth Industrial Tribunal;

And whereas during the pendency of proceedings before the Tribunal, a complaint was filed before it by Shri M. Banerjee, Secretary of Bird & Co. Labour Union of Calcutta, against the said Company in respect of seven groups of Muster Gang labourers alleging that the Company had altered, to the prejudice of the said workmen, the conditions of service applicable to them immediately before the commencement of said proceedings;

And whereas in exercise of the powers conferred by section 33A of Industrial Disputes Act, 1947 (XIV of 1947), the said Tribunal adjudicated upon the said complaint and submitted its award to the Government;

Now, therefore, in pursuance of the provisions of section 17 of Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of a complaint under section 33A of the Industrial Disputes Act, 1947, as amended by the Industrial Disputes (Appellate Tribunal) Act, 1950, filed by Shri M. Banerji, Secretary of Bird & Co. Labour Union, against the aforesaid Company, in respect of seven groups of Muster Gang labourers.

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT :

SHRI G. PALIT, *District Judge, Chairman, Fifth Industrial Tribunal*

Present for the Company: **Shri S. C. Sen**, *Advocate of Messrs. Dignam & Co., Solicitors.*

Present for the workers: **Shri Subodh Banerji, M.L.A.**, *President of the Union.*

1. The original reference out of which this case has arisen was under Government orders Nos. 3274Dis./D/11L-234/52, dated November 1952 and 2331Dis./D/11L-13/53, dated 29th June 1953.

AWARD.

2. It is the contention of the workmen that they were getting an average pay of Rs. 70 to 75 per month as Muster Gang labourers in seven coups. But since March, 1953, their pay has been reduced to Rs. 20 to 25 per month, they are being less employed. So the section 33 is said to have been violated. Hence this application under section 33A of the Industrial Disputes Act.

3. The Company resists the application. Firstly, the Company raises the objection that the aggrieved workmen themselves have not made the complaint as required under section 33A, but only the Secretary of the Union has made it. Secondly, it contends that the cause of action had arisen at a time when the main case was pending before Shri M. C. Banerji, Tribunal, and that under section 33A of the Industrial Disputes Act, Shri M. C. Banerji alone was competent to decide this matter. Its third contention is that these men were paid for the number of Musters for which they were engaged. They were more or less casual workers, and "no work, no pay" was the rule. As the volume of work has dwindled down, so their income might have fallen. But that is a violation of the section 33 of the Act.

Regarding the first objection of the Company, I agree that the aggrieved workmen themselves should have presented the petition before the Tribunal. But these men, however, did turn up before the Tribunal during the hearing, and affirmed the petition under section 33A of the Act. Therefore, take that the formal defect has been thereby cured.

Regarding the second objection, I am unable to accept the Company's contention. The alleged breach of the service condition according to the petition, has been continuing since March 1953. The rule never requires that the application under section 33A must be filed within a certain specified time. As it is a recurring cause of action, it is open to the workmen to bring it up at any time before the Tribunal, before whom the main case is pending for adjudication. Now, in the present case, the main dispute is pending for adjudication before this Tribunal, this Tribunal is certainly competent to go into the question raised by the section 33A proceeding. So this objection of the Company is turned down.

Regarding the third objection which relates to merits, I find that the Company cannot be said to have contravened the section 33 of the Act. If the income of these workmen has fallen because of the number of days they are employed, no matter whether the said number of days has or has not been reduced, the service condition cannot be said to have been altered. It appears that these Muster Gang men were employed according to the amount of work the Company had in its hand to offer them. It could not be shown that rest days in a week were fixed. So, if it is a service condition, it is variable by its nature, having a direct ratio to the amount of work. Shri Banerji, on behalf of the workers, wanted to make out during the trial, that the work of these Muster Gang men was specific. That work is now being diverted to Labour Contractors. But he could neither make out the specific nature of the job of these workmen, nor could he prove that such specific duties were being diverted to the Labour Contractors. On the other hand, the documents which the Company has filed, show that the work these Muster Gang men did was of a very nature variable, and far from being specific. They were employed according to the volume of work in the Company's hand. That being so, if the income of these men has fallen due to the decline in the

volume of work, the Company cannot be held guilty of contravention of the section 33 of the Industrial Disputes Act. That being so, the application under section 33A is liable to be rejected. I reject it accordingly.

Bengal Immunity Co., Ltd., Baranagar Calcutta-36 and Bengal Immunity Research Institute, 39/B, Low Circular Road, Calcutta and their employees represented by Bengal Immunity Sramik Union, 33, Gopal Lal Thakur Road, Baranagar Calcutta-36, regarding the matters specified in the schedule to the said order dated the 5th October 1953, read with said corrigendum, dated the 24th March 1954, was referred to the First Industrial Tribunal;

And whereas during the pendency of proceedings before the said Tribunal a complaint in writing was received from Shri Kalipada Das, an employee of the said Messrs. ANNEXURE.

In the matter of a complaint under section 33A of the Industrial Disputes Act filed by Kalipada Das, a worker of Messrs. Bengal Immunity Ltd., Baranagar, Calcutta-36.

BEFORE THE FIRST INDUSTRIAL TRIBUNAL, WEST BENGAL

AWARD.

The Government of West Bengal, in the Department of Labour order No. 3700Dis./D/10L-73, dated 5th October 1953, referred

under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between Messrs. Bengal Immunity Co., Ltd., Baranagar, Calcutta-36 and their workmen to this Tribunal for adjudication. The award in respect of that proceedings was published in the *Calcutta Gazette*, dated 16th December 1954.

One Shri Kalipada Das, a workman of Messrs. Bengal Immunity Co., Ltd., filed a complaint on 3rd December 1954, stating that the opposite party kept him under suspension on or about the 9th March 1954 for 27 days, without obtaining prior permission of the Tribunal. In a similar way, he was again kept on suspension by the opposite party for another 27 days on or about the 1st August 1954 and that bonus, which is a condition of service, was denied to him, and the action of the management comes under the mischief of section 33 of the Act. The petitioner, therefore, prays for payment of wages for the days he was kept suspended and also for payment of bonus, which was withheld.

On 12th January 1955 the applicant filed a petition withdrawing his application under section 33A of the Act. It is, therefore, awarded that the applicant be permitted to withdraw the complaint under section 33A of the Industrial Disputes Act.

AWARD.

The Government of West Bengal, in the Department of Labour, by order 1988Dis./D/7L-48(A)/53, dated 7th April 1954, 3393Dis./D/3A-10/54, dated 12th July 1954 and 3537Dis./D/7L-47/54, dated 21st July 1954, referred the industrial dispute between 100 Jute Mills in West Bengal, including the Albion Jute Mills, Ltd. and their workmen to this Tribunal

for adjudication. The proceedings arising out of this reference are still pending.

On 16th July 1954 Shri Gopinath Santra, a clerk of the Albion Jute Mill, Ltd., Budge Budge, 24-Parganas, filed a complaint under section 33, of the Industrial Disputes Act stating as follows:—

The case for the workman is that on 15th June 1954 the Company gave a charge-sheet to the petitioner to show cause within 24 hours, that the petitioner duly submitted his explanation, that the Company has not made any enquiry nor has allowed him to join his duties, that the Company has verbally informed the petitioner that he has been dismissed, that the Company by dismissing the petitioner has contravened the provision of section 33(b) of the Industrial Disputes Act, 1947, that the petitioner prays for reinstatement, and full compensation for the period of his forced non-employment and other reliefs.

The Company, on the other hand, contends that a charge-sheet issued to Gopinath Santra on 15th June 1954 consequent upon (i) his misappropriation of the Warp Winding stock figures with the deliberate intention of misappropriating the excess wages drawn for the work not actually performed by the Warp Winders which resulted in a loss of about Rs. 1, to the Company and also in the shortage about 6000 maunds of sacking hessian warp spools in the Winding Department Stock; (ii) his neglect of duty in not checking the stock but giving fictitious figures, that the workman was informed that an enquiry would be held on 21st June 1954 on which date the petitioner did not turn up, that the workman was informed by a letter dated 1st July 1954 that he should be dismissed but pending the permission of the Tribunal for such dismissal for which an application has been filed under section 33 of the Industrial Disputes Act, he was remain suspended, that the Company, reiterates that it has not violated provision of section 33(b) of the Industrial Disputes Act, that in the circumstances the Company submits that the application is not maintainable; that Gopinath Santra is not entitled to reinstatement and/or compensation for the period of his unemployment and/or any relief or reliefs.

On 5th January 1955, before the date of hearing, the petitioner filed a petition stating that he has admitted the guilt specified by the Company and has requested the Company to retain him in their services and to treat the period of suspension as leave without wages to which the management has agreed. The petitioner also prays for permission to withdraw the application under section 33A of the Industrial Disputes Act filed by him.

11th February 1955 was fixed as the date for hearing along with the all case under section 33. The petitioner, however, filed the said petition on 5th January 1955 praying for withdrawal of the application under section 33A. He states in this petition that since the matter has been amicably settled, there is no dispute between him and the Company and the application under section 33A is to be withdrawn. This petition appears as Appendix A to this Award. The petitioner is, therefore, permitted to withdraw the application under section 33A of the Act and there will thus be a "dispute" award.

In the matter of a complaint under section 33A of the Industrial Disputes Act, 1947, as amended by the Industrial Disputes (Appellate Tribunal) Act, 1950, filed by Shri M. Banerji, Secretary of Bird & Co. Labor Union of Calcutta, against the aforesaid Company.

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI G. PALIT, District Judge, Chairman, Fifth Industrial Tribunal.

Present for the Company: Shri S. C. Sen, Advocate of Messrs. Orr Dign & Co., Solicitors.

Present for the workers: Shri Subodh Banerji, M.L.A., President of the Union.

1. The original reference out of which this case has arisen was made under Government order No. 3274Dis./D/11L-234/52, dated 26th November 1952 and 2331Dis./D/11L-13/53, dated 29th June 1953.

AWARD.

2. It is the contention of the Union that during the pendency of the main case before the Tribunal, the workers are not being given full wages on Saturdays, or wages for half day's work on other days. The matter of discharge which was in the petition has not been pressed.

3. The Company in its written statement resists the claim of the Union. It contends that some of the workers work under Sirdar Sanil and Sirdar Hakra. So, for them the Company has no liability. Then workers named at pages 4, 5 and 6 are said to be casual employees. Twelve names at page 7, appear in another application pending before the Tribunal. The Company contends that the Union's contention as to Saturdays' wages or with regard to payment on other half days is not correct. They are paid for the number of musters for which they are engaged.

The learned Advocate of the Company raised a legal objection that the matter should have been heard by Shri M. C. Banerji, Tribunal, before whom the main case was pending when the cause of action arose. His second objection is that the aggrieved workmen themselves have not made a complaint as required under the section 33A, but only the Secretary of the Union has made it.

Regarding the first objection, I am unable to agree that Shri M. C. Banerji, Tribunal, alone is competent to decide this matter because the main case was originally pending before him. The Government had ordered reference transferred the main case to me along with the application under the section 33A. It can never be seriously contended by the Company

that though the main case was transferred to this Tribunal, yet Shri I. C. Banerji should have decided the case under the section 33A. The attention behind the section 33A is that the Tribunal who decides the main case, is the appropriate Tribunal to decide the case under the section 33A arising out of it. To hold otherwise would go contrary to the spirit of the section 33A. That the application under the section 33A was filed before Shri M. C. Banerji, Tribunal, before whom the main case was pending, it was sufficient compliance with the requirement of the section 33A. When the Government could under section 10 transfer the main case, it was certainly competent also to transfer the case under the section 33A arising out of that. So the objection raised by the Company on this ground is turned down.

Regarding the second objection, I do not accept the Company's contention that it is a fatal defect that the Secretary of the Union has filed the petition, and not the workmen themselves as required under the section 33A of the Industrial Disputes Act. I agree that the aggrieved workmen should have presented the application before the Tribunal. But in the present case these workmen have given their thumb-impressions on the papers filed before the Tribunal. So, in a way, they became the signatories to the application under the section 33A.

Regarding the merit of the case, I accept the Company's contention. The Union could not make out that the workmen were paid less wages as alleged. That was practically given up during the trial. So, I find that the application under section 33A is liable to be rejected. I reject it accordingly.

Bird & Co., Ltd., Chartered Bank Buildings, Calcutta and their workmen employed at Kantapukur Shed, Hide Road, a Transit Shed, Tea Ware House and 3 King George's Dock as presented by Bird & Co. Labour Union of Calcutta, 4B, Kaila Sarak Road, Kidderpore, Calcutta-23, West Bengal Bird & Co. Mazdoor Union, 94, Garden Reach Road, Kidderpore, Calcutta-23 and Bird & Company Mazdoor Congress, 37C, Nazir Lane, Calcutta-23, was referred for adjudication to the Fifth Industrial Tribunal;

And whereas during the pendency of proceedings before the said Tribunal, a complaint was filed before it by Shri M. Banerji, Secretary of Bird & Co. Labour Union of Calcutta, against the said Company in respect of Muster Gang labourers alleging that the said Company had altered, to the prejudice of the said workmen, the conditions of service applicable to them immediately before the commencement of the said proceedings;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of a complaint under section 33A of the Industrial Disputes Act, 1947, as amended by the Industrial Disputes (Appellate Tribunal) Act, 1950, filed by Shri M. Banerji, Secretary of Bird & Co. Labour Union of Calcutta, against the aforesaid Company, in respect of Muster Gang labourers.

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI G. PALIT, *District Judge, Chairman, Fifth Industrial Tribunal.*

Present for the Company: Shri S. C. Sen, Advocate of Messrs. Orr Dignam & Co., Solicitors.

Present for the workers: Shri Subodh Banerji, M.L.A., President of the Union.

1. The original reference out of which this case has arisen was made under Government order No. 3274Dis./D/11L-234/52, dated 26th November 1952 and 2331Dis./D/11L-13/53, dated 29th June 1953.

AWARD.

2. It is the contention of the Union that the Company has stopped work for two days in a week of the permanent Muster Gang men and refused them two days' pay. It is, according to the Union, a contravention of the section 33 of the Act. So, this application under section 33A has been made.

3. The Company denies the above and contends that the application is bad in law, as the Secretary of the Union, and not the workmen, have signed it. Secondly, it contends that the Muster Gang men are casual workers. The Company has three musters in a day, and a gang is engaged per muster if there is sufficient work. The volume of work in 1954 has gone down. So the Company does not see its way to give as much work to these workmen as before. It further points out that out of 64 persons who are said to have signed the petition, the numbers 9, 10, 19, 20, 21, 30, 46, 54, 55 and 56 are not the Company's employees. It further says that Nos. 4, 16, 17, 23, 29, 31, 32, 39, 42, 43 and 44 are on leave for different periods.

I am satisfied on evidence that these Muster Gang men are employed when there is enough work in the Company's hand. The Company under no obligation to provide them work all through. "No work, no p

the principle that governs their service condition. So if the rest goes up or comes down, that is no alteration of the service condition of the workmen. Shri Banerji, who represented the workmen, found the position difficult, and changed his stand. He said that these Gang men have specific jobs allocated to them. Those specific jobs are now being given to the contractors at the cost of these workmen, and that is the alteration of the service condition. But from the whole I reject it is seen that the work assigned to these workmen is not at all specific. It is extremely variable. Its quantity also depends upon the volume of work in the Company's hand. It could never be shown that the work that was withheld from these workmen, if any, was given to the labour contractors. So the entire case in respect of change of condition of service is more or less imaginary. The workmen might have been hard hit because of the decline in the volume of work. But that does not bring the employer within the mischief of the section 33 of the Industrial Disputes Act. So I find that the section 33 has not been violated, and the case under section 33A fails. I reject it accordingly. I make no order for cost.

- (3) Retiring benefits.
- (4) Weekly rest and tiffin recess.
- (5) Overtime wages.

DECISION.**Issue No. 1.**

Messrs. Umacharan Sadhukhan Oil Mill (hereafter called the Oil Mill) was a proprietary concern. It had in its employment 31 workmen comprising 4 Mistries, 6 Pressmen, 19 Coolies and 2 female workers. By a notice, dated 6th May 1954 (Ext. B), the said Oil Mill was closed with effect from 7th May 1954 terminating thereby the employment of the aforesaid workmen. Hence the dispute.

The workmen alleged that as they were smarting under various grievances, they had joined Telkal Mazdoor Congress (hereafter called the Mazdoor Congress) in April 1954. They then submitted a charter of demands to the Labour Commissioner through the Mazdoor Congress. This enraged the employer. The latter to punish the workmen closed the Mill and started another mill with new recruits.

The employer, on the other hand, contended that the Oil Mill was incurring loss year after year for some years past and as a result of this also due to acute trade depression and consequent dearth of work the Oil mill was closed as aforesaid. The allegation of having started a new mill is false. The proprietor has got another smaller oil mill in the same premises which had been in existence from long before the closure. This mill of which operation was temporarily suspended, resumed work with a complement of 7 workmen. This is not a new mill starting work for the first time after the closure as alleged. The employer acted *bona fide* in the matter throughout.

In support of their case, Telkal Mazdoor Congress, representing the workmen, has examined the Mistry, P.W. 1, Shri Basudeb Dutta and one Shri, P.W. 2, Shri Ram Chandra Ahir, besides proving documents, Exts. 1 to 1(c), 2, 2(a), 3, 3(a), 4 to 4(b), 5 and 5(a). The employer, on the other hand, has examined the Chief Officer, D.W. 1, Shri Madhusudan Banerjee, besides proving documents, Exts. A to A3, B, C, D and D1.

On giving careful consideration to the evidence and circumstances, it appears to me that the closure of the Oil Mill was justified and had nothing to do with the presentation of charter of demands or any such thing. The successive balance-sheets from 1356 B.S. to 1349 B.S. (Exts. A to A3) reveal that in each of those years the Oil Mill in question had sustained losses of Rs. 40,594-7 and odd, Rs. 38,146, Rs. 20,816 and Rs. 35,292 respectively. The evidence further reveals that in the year 1360 B.S. the Mill had also incurred loss, the amount of which would be approximately Rs. 40 thousand. I have had nothing sufficient to discard these balance-sheets. The notice whereby closure was directed also makes mention of these facts. P.W. 1 could not deny that the closure was due to the losses incurred during successive years. D.W. 1 deposed that the Mill was closed as its capital was lost in successive years. The other mill which resumed work from Ashar 1361 B.S., it is admitted by P.W. 1, has been existing for long time in the same premises. His evidence also discloses that the said Mill has separate exit and entrance and was closed temporarily from Ashar 1360 B.S. and was reopened in Jaistha 1361 B.S. It is a very small mill having only 7 workmen to run it. It is, therefore, no wonder that it started crushing oil again. This cannot be construed as showing *bona fide* on the part of the employer. An employer may not be in a position to keep a bigger mill going on which has been sustaining losses year after year and of which capital has been exhausted, but he may nonetheless choose to operate a smaller one with a small complement involving negligible expenditure. It is for the employer to choose which of his mills would work and which not. The closure was directed on 6th May 1954 and it appears that the Mazdoor Congress did not present its demands embodied in the other issues, 2 to 4, before 7th May 1954 [*vide* Ext. 1(b)]. It is, therefore, obvious that presentation of demands did not lead to the closure in question as alleged by the Mazdoor Congress. In the earlier letters [Exts. 1 and 1(a)] the Mazdoor Congress made grievances out of other workers and that to the Assistant Labour Commissioner. The demands upon which conciliation started, it appears, were on the basis of the subsequent letter, dated 7th May 1954. It also appears that the story of victimisation originated after the closure and not before. The complaints to the Factory Inspector and also to the Thana Officer, it appears, were made not before but after the date of closure. I am, therefore, of opinion that the closure was justified and it was not by way of victimisation.

As to relief, an employer has undoubtedly the right to close down his business and therefore no question of reinstatement can arise. The only relief which the workmen can get is compensation. The contention of the employer that in case of closure a workman is not even entitled to compensation, cannot be upheld. The word "retrenchment" as defined in section 2(oo) after recent amendment, means termination by the employer of the service of a workman for any reason whatsoever. The retrenchment so defined is, in my opinion, wide enough to cover the case of termination of employment on account of closure of the business as well. It is, therefore, obvious that a workman would be entitled to compensation if he fulfils the conditions of section 25(f) of the Act as introduced by recent amendment. In the present case, the list of the workmen annexed with the notice directing closure (Ext. B) shows that none of the workmen except 5 had continuous service of one year before termination of employment following closure on 7th May 1954. The employer pleaded that in the Mill some were permanent workmen and the rest were casual workmen. From the evidence and circumstances, I accept the employer's version of the case in this respect. So, the workmen, who might have been employed from time to time according to requirement, were nothing more than casual workers. P.W. 2's evidence to the contrary is unreliable. In any case, none of them except 5 had continuous employment for a year. Those five workmen who had however continuous employment for not less than one year at the date of closure would get compensation as below:—

One month's wages in lieu of notice and 15 days' average pay for every completed year of service or any part thereof in excess of six months. The word "wages" would mean as defined in section 2(rr) as introduced by recent amendment.

The Mill is directed to make the payment within one month from the date the award becomes enforceable. The remaining workmen are entitled to no relief. If the Mill in question re-starts work, it shall give opportunity to the discharged workmen to offer themselves for re-employment and the discharged workmen who offer themselves for re-employment shall have preference over other persons.

Issues Nos. 2 to 5.

In view of the above findings, these issues need no adjudication.

I award accordingly as above.

In the matter of an industrial dispute existing between Messrs. Amjadia Food Products, Ltd., 7/2, Amratolla Lane, Calcutta, and their workman Shri Anil Kumar Sarkar, village Media, post office Punra, district 24-Parganas, represented by himself.

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI M. N. GAN, *Judge,*

Second Industrial Tribunal.

r the Workman: Shri N. Roy, Pleader.

r the Company: None.

AWARD.

This industrial dispute between Messrs. Amjadia Food Products, Ltd., 7/2, Amratolla Lane, Calcutta and their workman Shri Anil Kumar Sarkar, village Media, post office Punra, district 24-Parganas, represented by himself regarding the latter's dismissal from service was referred to this Tribunal for its adjudication under Government of West Bengal, Labour Department, order No. 4815Dis./D/11L-349/54, dated 21st October 1954.

Shri Anil Kumar Sarkar's case is that he was an employee of the Company since 1944 and worked without any leave or holidays. The workmen decided to form a Union for ventilating their grievances against the Company. The Company came to head in the month of October 1953 when the management dismissed Shri Anil Kumar Sarkar by a notice, dated 31st October 1953. After his dismissal, fresh hands were recruited including one in his place. The dismissal was arbitrary and illegal and he was entitled to statement with compensation.

The Company on 28th December 1954 appeared in this case and asked for leave to file written statement which prayer was allowed. But it did not file written statement and the case was taken up for disposal *ex parte*.

The only issue.

- (1) Whether the dismissal of Shri Anil Kumar Sarkar is justified. What relief is he entitled to?

FINDINGS.

Shri Anil Kumar Sarkar deposes in this case to say that he was given a notice before his discharge on 31st October 1953 (Ext. 1). It reads as follows:—

“The management of Amjadia Food Products, Ltd., regret to inform you that due to reduction for bad business your service is no more required from the 1st December 1953. This is treated as one month's dismissal notice.”

Shri Sarkar says that previous to this, he with other workmen made some demands for payment of bonus and provident fund, etc., which the management refused. He was paid wages for the month of November and was dismissed with effect from 1st December 1953. He says further that the Company has employed fresh hands including one in his place on the same pay which he was drawing at the time of the notice. He denies the bad business condition as stated in the notice. There is no evidence against this. I have no reason to disbelieve Sarkar in this case. In the absence of any evidence on the Company's side to show that the financial condition of the Company was such at the time of notice that the retrenchment of the staff was necessary, this dismissal by way of retrenchment cannot be supported. In the opinion of this Tribunal, the dismissal is not justified on the facts and in the circumstances of this case.

Shri Sarkar says that he is out of employment even now, a fact which is very difficult to taste and equally difficult to believe. Shri Sarkar does not ask for reinstatement and for obvious reasons.

Question is to what compensation he is entitled. He made a claim of Rs. 4,516 and odd on different heads in this case. Many of these items cannot even be entertained. He is no doubt entitled to some compensation for this wrongful dismissal. Under section 25(F) of the Industrial Disputes Act, he will get 15 days' average pay for every completed year of service or any part thereof in excess of six months. He is not entitled to notice pay for he was admittedly given notice before termination of his service. Shri Sarkar said that he was employed in 1944 and that he resigned in 1949. He was em-employed in July that year and continued in service till his discharge. He completed roughly four years of service for which two months' average pay at the rate last drawn by him should be paid to him. The Company will pay him this compensation within a month from date of the publication of this award.

Jalpaiguri.—No. P.H./557/W-20/54.—15th February 1955.—In pursuance of rule 8 of the rules for the preparation, publication and execution of projects for water supply, sewerage or drainage by local municipal authorities, it is hereby notified for general information that the scheme for augmentation of water supply in Jalpaiguri Municipality in the district of Jalpaiguri by sinking a third tube-well has been approved by the Government of West Bengal and the particulars of the said scheme are as follows:—

(a) A general description of the scheme—

It is proposed in this scheme to sink one 6" diameter tube-well fitted with electrically driven bore-hole pump, at the selected site and lay delivery pipe leading to a new iron elimination plant to be installed by the side of the existing high lift pump house. The tube-well water pumped at the rate of 10,000 gallons per hour and treated for iron elimination will gravitate into the existing collecting chamber in which the water pumped from existing two tube-wells discharges, after being treated in the respective iron eliminators. As it has lately been ascertained that the existing clear water reservoir has become leaky due to cracks being developed in the walls and because it would not be possible to repair the reservoir without a second reservoir being constructed to maintain the supply to the town a new underground reservoir is proposed to be constructed by the side of the existing one. The present course of the filtered water from the collecting chamber into the clear water reservoir will be diverted to the new reservoir. A high lift pumping set of the capacity 10,000 gallons per hour is proposed to be installed within the existing pump house, where there is an extra seat available for its installation. It is suggested that two high lift pumps—one of capacity 14,000 gallons per hour (existing) and the other 10,000 gallons per hour (new)—may be run simultaneously in conjunction with the three 1½ pumps fitted to tube-wells—two existing and one new. The daily supply will thus be 192,000 gallons in 8 hours of pumping and if the pumps are made to run for 16 hours the daily supply would be 3,84,000 gallons.

It is further proposed to replace some of the old mains by bigger size pipes as shown in the general plan, in order to improve the supply position particularly in Zones III and IV, which parts of the town have a rapidly developing and large number of people have already settled there.

(b) An estimate of cost of carrying it out—Rs. 91,200.

(c) An estimate of cost of maintaining it—Rs. 7,500.

(d) The sources from which the cost will be met—

(i) Grant from Government Rs. 60,800.

(ii) Municipal contribution Rs. 30,400.

The maintenance cost will be borne by the municipality from their own fund.

(e) The amount of loan, if any, required for the scheme the annual instalments by which such loan will be repayable and the numbers of years required to repay it—No loan is required for the scheme.

(f) When several local authorities are concerned, the distribution of loan between these authorities—Does not arise.

2(a) The total annual charge to be incurred by reason of water supply and to be met by water rate—Rs. 7,500.

(b) The percentage of such water rate on the annual value of holdings—

Two and half per cent. on the annual value of holdings.

(c) The average incidence of such water rate per head of the population—Annas 8 per head of population.

3. The scheme will be taken into consideration on or after the 1st April 1955 and any objection or suggestion with regard thereto, which may be received by the undersigned on or before that date, will be duly considered.

Hooghly.—No. P.H./211/W-12/54.—19th January 1955.—In pursuance of rule 7 of the rules made under section 4 of the Local Authorities Loans Act, 1914 and published under the Government of India, Finance Department, notification No. 1020A., dated the 10th November 1914, it is notified for general information that the Governor intends to sanction the following application from the Uttarpara Municipality in the district of Hooghly, for a loan of Rs. 80,000 for the scheme for improvement of the water works of the Uttarpara Municipality, bearing interest at 4 per cent. per annum and repayable in sixty half yearly equated instalments of Rs. 2,301-7-0 each, unless good reasons are shown to the contrary within one month from the date of publication of the notification.

Application from the Commissioners of the Uttarpara Municipality for a loan of Rs. 30,000.

[illegible]

In addition to the details required on the reverse, clear information should be given below under the following heads :—

- (a) If the ordinary surplus is insufficient to meet the charges of the proposed loan, the particular steps which the municipality has taken, or has agreed to take, in order to make good the deficiency.
- (a) The ordinary surplus is insufficient to meet the charges of the proposed loan. The percentage of collection for the last two years were very low, nearly 68 per cent. on average. The Commissioner are now putting forth their endeavour to raise the percentage of collection to go at least in which case no difficulty will be felt to meet the charges for the proposed loan.
- (b) The reserve of taxation or other possible means of increase in the revenues of the municipality, the rates at which each of the taxes mentioned in column 12 on the reverse is levied, other than tax on persons, should be stated here.
- (b) Furthermore, there is a provision in the scheme for giving 300 new house-connections. The Commissioners have fixed Rs. 300 as fees for house-connection. It is expected that there will be 300 applicants for the house-connection. Thus Rs. 90,000 will be received which may be utilised in paying up the loan.
- | | Per cent. |
|--------------------------|-----------|
| Holding rate | 3½ |
| Water rate | 3½ |
| Lighting rate | 1 |
| Conservancy rate | 6 |
| Total | 14 |
- (c) A statement of all outstanding loans specifying, in respect of each loan, the date when taken, the purpose (very briefly), the amount, the annual charges involved and the amount still payable.
- (c) There is no outstanding loan.
- (d) Any explanations in regard to receipts and expenditure to show the true financial position of the municipality when such position is otherwise than the ordinary surplus would indicate.

All gazetted officers will accordingly apply to the Treasury Officers for their ordinary increments.

Authority of this office will be required in cases mentioned in paragraph 99 of Bengal Audit Manual.

P. K. DUTT, Asst. Accounts Officer.

Subject: Instructions regarding bills payable by the Accountant-General, West Bengal, within the current financial year.

No. TM/500.—14th February 1955.—In order to ensure payment before the close of the financial year, all travelling allowance, contingent grant-in-aid and other bills payable within the year should, as far as practicable, be presented at the counter of this office by the 15th March 1955. The words "To be paid on or before the 31st March 1955" should be written prominently in red ink on the top of each bill. In respect of charges actually incurred, or claims accruing on or after the 15th March, the bills should be presented with the utmost expedition without lag even a single day. Please remember that up the last week of March this office is pre-occupied with the passing of monthly bills payable by the 1st working day of April.

Three clear days are required by this office to complete all processes connected with presentation of a bill, the payee or his agent should call at the delivery counter to obtain payment. If for any reason payment of a bill cannot be obtained on that day, he should call on the next day, or on the second or third following day should it become necessary. Any complaint regarding undue delay in payment should be made with the gazetted officer in charge of the counter. No attempt should be made to get into touch with the sectional staff.

It should be particularly borne in mind that unpassed bills are not returned by post; they are required to be received back at the counter with surrender of tokens.

Please take all possible care to see that the bills presented are free from defects and irregularities. There may not be time left for rectifying the bills when once returned without audit objection.

It will facilitate the payment of bills if the following instructions are borne in mind:—

If the appropriation for the current year is likely to be or has already been exceeded, an additional appropriation should be obtained in time to meet the excess and the order sanctioning the additional appropriation attached to the bill.

(b) If any charge requiring sanction of a higher authority is claimed in a bill the sanction should be attached to it. As no payment can be made on the authority of copies of orders the sanctioning authority should be requested to communicate the orders to this office in time.

(c) If no distribution of any appropriation has yet been made, formal orders of the competent authority sanctioning the distribution should be attached to the bill.

(d) A bill extract giving particulars of the major, minor and detailed heads of account to which the amount of the bill is chargeable and the designation of the officer controlling the expenditure should invariably be attached to bills.

6. Between the 15th and 31st March please make it a point to check your Bill Register every day with a view to receive all payments in good time.

7. As a special concession to payees, the Cash Payment and Cheque Delivery Counters of this office will be kept open till 4-30 p.m. on the 31st March. No payment will be made after that hour.

8. ESTABLISHMENT BILLS FOR MARCH 1955 WILL BE PAID BY THIS OFFICE ON THE 1ST APRIL 1955 INSTEAD OF ON THE 31ST MARCH 1955.

AWARD.

By order No. 2986Dis./D/4L-20/54, dated the 14th June 1954, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Chandbali Steamer Service Co., Ltd., Mohta House, 29, Strand Road, Calcutta, and their workmen employed in the head office represented by Chandbali Steamer Service Workers' Union, 3, Nityadhan Mukherjee Road, Howrah, regarding matter specified in the schedule, to the Third Industrial Tribunal constituted under section 7 of the Industrial Disputes Act, by notification 532Dis./D/12L-5/52, dated the 23rd February 1953, for adjudication.

After usual summons the parties entered appearance and filed their statements. The pleadings were completed on 11th August 1954. Parties were thereafter directed to file list of documents and then the case adjourned to 31st January 1955 for hearing.

The matter of dispute as stated in the schedule to the order of reference is as follows:—

1) Dearness allowance.

DECISION.

Messrs. Chandbali Steamer Service Co., Ltd. used to carry on coastal shipping trade. Its head office is located at 29, Strand Road, Calcutta.

The workmen alleged that they were smarting under various grievances. Accordingly Chandbali Steamer Service Workers' Union was formed. It presented a charter of demands whereupon conciliation proceedings started. In course of the said conciliation there was a joint conference before the Assistant Labour Commissioner. There an agreement was arrived at between the Company and the Union regarding hours of work, holiday allowance, overtime allowance, leave rules, casual leave, sick leave and date of payment of monthly salary. The questions of dearness allowance and cheap canteen however remained to be settled subsequently. As no settlement was eventually arrived at, the matter of dearness allowance has been referred to this Tribunal for adjudication. The workmen prayed for payment of dearness allowance at the rate of 110 per cent. of the basic pay from 1st November 1952.

The Company, on the other hand, pleaded that it was passing through serious financial crisis and was heavily involved in debts and had no capacity to pay dearness allowance over and above what it has now been paying as consolidated wages.

The dispute was fixed for hearing on 31st January 1955. Neither the Company nor the Union representing the workmen appeared and took steps. In the circumstances, it is taken that there is no dispute to be adjudicated by this Tribunal.

I award accordingly.

For the Union: Shri Patit Paban Pathak, assisted by Shri Dilip Kum Dey, Assistant Secretary.

AWARD.

This industrial dispute between Messrs. Shanghai Co., 13A, Russ Street (Galstaun Mansion), Calcutta and their workmen represented by Laundry Workers' Union, 52, Doctor Lane, Calcutta-14, regarding the matters specified below was referred to this Tribunal for its adjudication under Government of West Bengal, Labour Department, order No. 2663 Dis. D/111-69-54, dated the 25th May 1954.

Both parties filed their written statements in due course.

In the written statement filed on behalf of the workmen, it is stated that the proprietor of this company is a Chinese gentleman and the company is in a highly prosperous condition. The Indian workmen join the Laundry Workers' Union on 28th October 1953 and sent a "Charter Demands" on 17th November 1953. The proprietor of the company tried his best to persuade the workmen to withdraw their demands. Failing that attempt, the proprietor on 21st December 1953 refused work to the Indian ironers and discharged them for joining the Union. That was done without a written notice. The proprietor thereafter called the police and closed the workshop and hung up a notice on that date to the effect

at the workmen adopted a slow-down policy and, therefore, he was obliged to close the shop. It is further alleged that this action of the company was illegal and the workmen concerned are entitled to reinstatement with back wages.

In a counter statement, Messrs. Shanghai & Co. (hereinafter referred to as the company) said that due to reconstruction of the building in which the shop was located, the shop had to remove to a part of the building not accessible from the main road. Accordingly, the company lost 60 per cent of its business. The proprietor on 31st October 1953 told the ironers that it would not be possible for him to keep all of them in employment and that at least five of them should go on compulsory leave or the same number be retrenched. The reaction of the workmen was not favourable. They said that either all of them would leave the company's service in a day or would continue in service all together. Thereafter from 1st November 1953, the Indian ironers started going slow, so much so, that the company had to take additional ironers on 21st November 1953. The company gave many verbal warnings to the workmen for going slow but they did not put any heed to this warnings. On 19th December, the proprietor repeated the same request to the workmen namely that either five could go on compulsory leave or be retrenched. On 21st December, all the ironers came to the workshop and started a stay-in-strike. The nine workmen concerned in this dispute had to be removed with police help.

The only issue is:—

(1) Whether the termination of the services of the following workmen is justified?

- (1) Shri Vallu Choudhury, (2) Sk. Lutfar Rahman, (3) Shri Guru Charan Razak, (4) Shri Ramsahai Dhobi, (5) Shri Joyee Ram, (6) Shri Nand Razak, (7) Sk. Illius, (8) Jonab Shamsheer Ali Molla, (9) Janab Safiar Khan.

What relief they are entitled to?

FINDINGS.

Nine workmen involved in this dispute were ironers in the service of a Chinese proprietor of a laundry firm known as Messrs. Shanghai & Co. Their services were terminated on 21st December 1953. The grounds for such termination are unfortunately in controversy. The Union's statement discloses a case of discharge for the workers' joining the Union. The company's statement, on the other hand, reveals a case of retrenchment on the ground of economy, precipitated by the workmen's improper conduct of adopting slow-down tactics in work. Two days after the argument, Mr. Wong, the proprietor, filed a petition signed by his Advocate, informing the Tribunal that his Advocate was under a mistake of law when on the facts he said that the termination of services was due to retrenchment. In fact, "the workmen were expelled from their place of work on account of misconduct which in the context of facts meant dismissal." In other words, Mr. Wong wanted to say now that the workmen were all dismissed for misconduct. The following facts are not disputed. The Indian ironers joined the Laundry Workers' Union sometime in October and submitted "Charter of Demands" (Ext. 2) on 17th November 1953. On the 16th December, the Assistant Secretary reported to the Labour Commissioner that the proprietor of the company did not take any action on the "Charter of Demands". On the other hand, it had stopped the weekly payments to the workers for their joining the Laundry Workers' Union. The proprietor so deposed in this case did not say anything regarding this.

Admittedly, there was some incident on 21st December 1953. The 9 workers came to the shop at the usual hour and stayed in the shop till the arrival of the police on the invitation of the proprietor and the proprietor put up a notice to the effect that the workshop was closed. According to the worker's evidence, they stayed till 4-30 in the afternoon and according to the proprietor, they were dispersed soon after the police came at 10-30 a.m. The police officer, an important witness in this case, has not been examined. Mr. Wong said that on 19th December, he asked the workers to do full work, give up go-slow tactics or leave the job and go out. The next working day was the 21st December when according to Mr. Wong himself, the workers came to the shop in the morning and started shouting and as he was alone, he thought it fit to go to the police for help. He brought the police but the condition did not improve and he wrote on a piece of paper informing the workers that the workshop was closed. At this, they left the shop but continued demonstration outside. P.W. 1 Safiar Rahman Khan, who deposed on the side of the Union, denied the allegations of the proprietor but admitted that they continued to stay in the shop on 21st December 1953 when the proprietor refused them work all on a sudden without assigning any reason whatsoever. This evidence which is oath vs. oath has got to be examined in the light of probabilities and against the background of what happened before. Some of the facts already stated above are admitted. It is also admitted that due to reconstruction of the building, Mr. Wong had to remove his shop which was in front of the building on the Russel Street, into the interior of the same building for about 4½ months. Mr. Wong's case is that this temporary removal during peak season caused him substantial loss for the customers did not like the idea of taking the trouble to go inside and place their orders for washing. Now the interior was not far off from the road side and it was accessible both from Russel Street as well as from Park Street. Shri Pathak for the Union contends that the story of fall in the volume of work due to this removal is fantastic and false and that the proprietor did not discharge any of the washermen who must have been equally hit by this alleged loss in orders. The proprietor did not take any action till only three weeks before shifting back to its former place work on the road side. He went on employing new hands from the 1st month of December and admittedly employed 8 Indian ironers and employed one of the nine discharged workmen, viz., Sk. Illius in w. So, practically speaking, he required the services of the equal number men after the discharge of these workers to carry on his business. It does not prima facie show the reduction in the volume of business due to temporary removal of the shop from the road side into a place in interior of the same building, and this termination of services took place admittedly in the peak season of the business, in the month of December. It is very difficult to rely on the extract which Mr. Wong has placed before this Tribunal in support of his case that he not only lost in volume business but in money as well. But it seems from the proprietor's evidence that he closed his place of business on 21st December 1953 not as a measure of economy but to put a stop to the objectionable malpractice of going slow in work of these workmen. Here again, there is no better evidence on record than oath vs. oath on both sides. No record or reliable evidence has been placed before the Tribunal to show that in fact the Indian ironers were doing four pieces of suits or three a day in place of seven before November 1953. So, it is very difficult to record a finding in favour of the company on this point. Something must have happened between the proprietor and his workmen before 21st December 1953 which led to his refusal of work to them and the events that followed from his refusal. The Union's evidence on this point is that from the fact that

Indian workers have joined the Laundry Workers' Union and submitted 'Charter of Demands', was responsible for this sudden discharge of workmen without any ground whatsoever. There has been, on all accounts, ready some irritation between the parties over the workers' demands and it might embitter the relationship existing between them. It is no wonder that in these circumstances, the proprietor decided to take action against these workmen. The refusal of work on 21st December 1953 provoked the workmen, so much so, that they continued to stay within the shop, occasionally asking for work from the proprietor. The proprietor took legal help in the matter and the admitted fact was that Mr. Wong informed the workers that the workshop was closed. He did not say that they were either discharged by way of retrenchment or dismissed for their misconduct. There was no notice to any effect before the police came. Mr. Wong on his own evidence is not a very literate man. His difficulties in this respect are no doubt there. But even then, some essential formalities had to be gone into before the workmen could be discharged or dismissed. I will take up the question of dismissal for misconduct, but it is a case, as stated above, which Mr. Wong has taken up after the case was heard. The Union had no opportunity to meet that case. But on the evidence on both sides remains the same. Safiar Rahman Khan (W. 1) denied the charge of going slow in work. He admitted that the workmen were remaining inside the workshop till the police came and the proprietor provided them with a notice that the workshop was closed. When they came out but, it is said, they started demonstration for several days thereafter, shouting slogans and distributing pamphlets among the customers. What happened after the workshop was closed is not very material for our present purpose. Here again, the fact of surrounding the workshop and demonstrating before it collectively is denied on the workers' side. It is true that the company has proved one pamphlet (Ext. B) which shows that the workers made an appeal to all customers of the company against what they considered to be an arbitrary action of the management. Even in that pamphlet (Ext. B) the workers stated that the proprietor had closed the workshop all on a sudden although it had made a handsome profit out of the business. That by itself does not make the workers' action illegal. As I said before, there is no evidence worthy of belief to show that the workers adopted go-slow tactics in work before the workshop was closed. Mr. Wong said that the workers came as usual on 21st December and started shouting. He went to the police-station and at the request of the police, he put up a notice informing the workers that the workshop was closed and the workers went out of the shop. This evidence does not disclose any act of violence on the part of the workers and far less, any act of omission or commission on their part which can amount to an offence punishable under the law. That being so, that does not amount to any misconduct in which the workmen can be summarily dealt with. Admittedly, the proprietor did not draw up any charge against the workmen and give them any opportunity to explain before taking any action against them. In fact, the proprietor himself did not know his own mind in this matter. He could not make up his mind even during the hearing of the case, and I do not know on what advice he is now saying that his learned Advocate has committed a mistake of law in advancing a case of retrenchment in defence of the workers' claim. There cannot be any worse case of violation of the principles of natural justice than what has been done in this instant case. The workmen have been victimised for their union activities. Taken along with this the fact that the proprietor continued to engage from time to time and by the beginning of this month, employed the full complement of the number of the workers discharged, establishes completely want of bona fides on the part of the proprietor. The action of the proprietor, therefore, should not prevail and must be set aside. The alternative case

sought to be made out in the written statement put forward at the time of hearing and argument, of retrenchment for economic reasons, has also no leg to stand upon. Any termination of service except by way of disciplinary action is retrenchment and the Act provides a remedy for it. Here again, the proprietor could not make out a proper case for retrenchment. In fact, there can hardly be any justification for retrenching the nine workmen and appointing gradually the same number in their places. That at once shows that there was no dearth of work for which all these nine hands had to be discharged. The washermen, the boys, who are not members of the Laundry Workers' Union, were not touched. Could it be said with any show of reason that the alleged reduction in work did not affect any of them at all? But in actual fact, none of them was retrenched. That being the case, retrenchment on the ground of economy also fails. No formal notice was given to these workmen before this discharge. On the other hand, this came as a sudden blow for which they were probably not fully prepared. In any view of the matter, the termination of services of the workmen appears to be unjustified.

Now the question is what relief they are entitled to. I have anxiously considered the question of reinstatement which is the normal relief in these circumstances. From time to time, during the conciliation proceedings, the proprietor expressed his willingness to take back some of these workmen into his service. The workmen refused to join unless all of them were taken in. Mr. Wong, the proprietor, thereafter agreed to take all of them into service on *contract basis*. That happened during the conciliation proceedings. So it is nobody's case that the parties have lost their confidence in each other. The case of the present staff does not present any real difficulty for they had their eyes opened when they joined the service temporarily. Of the nine workmen, Illius (No. 7) was already re-employed. The remaining 8 should be reinstated in their former positions within a week from the date of the operation of this award.

Now as to compensation for loss of employment during this period claimed by the workmen, the workmen are no doubt entitled to some compensation in the circumstances of the case. The proprietor had to engage the staff to carry on his business soon after the termination of the service of these workmen. And these workmen, who are still unemployed, a times, refused to join unless all of them were taken in. On a careful consideration of all the relevant facts and circumstances of the case, as also the hardships of both sides in this matter, I think that one month's wage at the rate last drawn, would be sufficient compensation (now that they are being reinstated) for loss of their employment. The payment under this award should be made within one month from the date of publication of this award to all the workers except Illius who is already in service of the company. I answer the issue accordingly. This is my award.

1 By order No. 3288Dis./D/7L-24/54, dated the 6th July 1954, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between the Lansdowne Jute Co., Ltd., Dakhindari, 24-Parganas, Managing Agents: Messrs. Bird & Co., Ltd., Chartered Bank Buildings, Calcutta-1 and one of their workmen Shri Dudhnath Kurmi, C/o. Mahadeb Goala, Bariwalla, post office Belgachia, Dakhindari, Calcutta, represented by himself, regarding the matters specified in the schedule, to the Third Industrial Tribunal constituted under section 7 of the Industrial Disputes Act, 1947, by notification No. 592Dis./D/12L-5/52, dated the 23rd February 1953, for adjudication.

2 After summons the parties entered appearance and filed their written statements. The pleadings were completed on 17th September 1954. The parties were thereafter directed to file list of documents. The dispute was heard on 18th January 1955.

3. The matters of dispute as stated in the schedule to the order of reference are as follows:—

- (1) Is the dismissal of Shri Dudhnath Kurmi justified? Is he entitled to be reinstated in his former post?
- (2) Is any gratuity and/or compensation payable to him by reason of the loss of his employment?
- (3) What sum is payable to him on account of provident fund money (including company's contribution and interest)?

4. The dispute arose out of termination of employment of Shri Dudhnath Kurmi from 27th October 1952. He was a Tulandar in the Jute Handling Department of the Company. His case, briefly stated, is as follows:—

He had served in the Company for more than 30 years. He was absent from duty from 25th October 1952 to 2nd December 1952 on account of illness for which he applied for leave on medical grounds supported by medical certificates. During the said period he was under the treatment of Dr. R. K. Samanta and Dr. B. G. Dutta. After recovery from illness when he came to resume duty, he was not allowed to do so and was dismissed. No proceedings were drawn against him and he was not given any opportunity of showing cause and thus the principles of natural justice were not followed. When he moved the Labour Directorate for intervention, the management alleged that he had assaulted his Sardar and thus absconded during the period. The charge so laid against him was false and concocted.

In the circumstances, the workman prayed for reinstatement as also for payment of compensation for the period of unemployment. He also prayed for grant of gratuity at the rate of one month's wages for each complete year of service and for payment of his provident fund dues including Company's contribution with interest.

In reply the Company pleaded as follows:—

The allegation of the workman that he had served for 30 years is untrue. Prior to 1st April 1948, the work in the Jute Handling Department of the mill was done on a contract basis and the contractor concerned used to employ his own men for handling the necessary work. On 1st April 1948 in accordance with the recommendation of the First Jute Textile Tribunal award it was decided to employ such number of contractor's men as was required by the Company. The workman, Shri Dudhnath Kurmi was thus directly employed by the Company with effect from 1st April 1948. But the Company, though not bound to do so, voluntarily agreed to give the contractor's men credit for their past services in this mill. Accordingly Shri Dudhnath Kurmi's services were recorded from 1st January 1943 when he was first employed by the contractor for this mill.

Shri Dudhnath Kurmi absented himself from work without leave from 27th October 1952. He did not send any intimation to the management till 26th December 1952 when a medical certificate, dated 3rd December 1952, together with an undated application praying for condonation of his absence without leave was received by the management. The certificate from Dr. R. K. Samanta only indicated that on the 3rd December 1952 Shri Dudhnath Kurmi was fit to resume work, but even then he (Shri Dudhnath Kurmi) did not report for duty on 3rd December 1952.

Besides, the Company had reasons to believe that the workman was not ill but he absconded for fear of being arrested by the police in the circumstances stated below.

On 21st October 1952 Shri Sahadeo Sardar of the Jute Handling Department was murderously assaulted by some workers of the said department when he was going home after the mill hours. Following this assault, four workers, named, Nankoo, Kedar, Mooni and Trilochan, all of the Jute Handling Department absented themselves from work without leave with effect from 22nd October 1952. Likewise workmen Shri Dudnath Kurmi and Shri Lal Chand stayed away from work without intimation from 23rd October 1952. Subsequently there was a police case against some of the abovementioned workmen and they were punished by the Court. The services of all these workmen were dispensed with for being absent without leave, although some of them subsequently submitted similar medical certificates.

As Shri Dudnath Kurmi absented himself from work for about two months without leave which warranted his dismissal and as the Company had reasons to believe that the workman was absconding for fear of being arrested by the police, it was decided to dispense with his services. When he came to the mill after his long unauthorised absence, he was informed of the Company's decision to discharge him. Shri Dudnath Kurmi was never charged by the Company for assaulting the Sardar. He, however, stayed away from work without permission when some other workers of the same department who were his associates and who were implicated in the assault case were found to have absconded. The workman was thus discharged and not dismissed. The Company had no intention of depriving him of his legitimate dues. As a matter of fact, he was told to collect his dues to which he was entitled according to the prevailing conditions of service.

DECISION.

Issues 1, 2 and 3 are taken up together for consideration.

In support of his case the workman, Shri Dudnath Kurmi, has himself deposed (P.W. 1) besides proving his Employment Book (Ext. 1) and Provident Fund Book (Ext. 2). The Company, on the other hand, has examined the then Labour Officer, D.W. 1, Shri Satyabrata Chowdhuri and the Head of the Jute Mills Department in Bird & Co., D.W. 2, Mr. L. A. Craven, besides proving documents, Exts. A, B, B₁, C to C₂, D to D₂, E, E₁, F, F₁, G, H, H₁, I, I₁, J.

Shri Dudnath Kurmi admittedly joined as Lifter (Tulandar) in the Jute Handling Department of the mill of this Company. The employment book produced by him (Ext. 1) shows that he had first worked under the contractor in this mill from 1st January 1943 and then directly under the Company since 1st January 1948. Formerly the work in the Jute Handling Department used to be managed on the basis of contract labour. Under the award of the First Jute Textile Tribunal published in 1948, there was recommendation for abolition of the contract labour system and for direct engagement of labour in place thereof. It appears from Ext. II₁ that the Company under the instructions of the Managing Agents, Bird & Co. Ltd., gave effect to the said recommendations and took the workmen including Shri Dudnath Kurmi in its direct employment from 1st April 1948 and gave credit for length of their past service under the contractor. It appears from the said document that workman, Shri Dudnath Kurmi started work under the contractor in 1943 and the Company gave credit for the said past service from 1st January 1943. Thus the total service of the workman before termination of his employment was for a period of 9 years 10 months and not 30 years as alleged by him. The workman in his evidence had to admit that he had joined the mill only sometime before bombing in Calcutta during the last war. The said bombing, it is well known, took place in December 1943. Thus the workman had started service in 1943 as the employment book recorded.

According to the workman, Shri Dudnath Kurmi, he was absent from duty from 25th October 1952 to 2nd December 1952 on account of illness for which he applied for leave on medical grounds supported by medical certificate. The workman did not himself submit the alleged application for leave. It is said that his nephew (Bhagineya) submitted application for leave supported by medical certificate. But the nephew has not been brought to the Tribunal to say so. On the contrary, the Departmental Hazira Report of the Company, Ext. F₁, shows that the workman, Shri Dudnath Kurmi, started to absent without leave from 27th October 1952. According to the Company the workman absented without leave from 27th October 1952 and he did not send any intimation until 26th December 1952 when the management received an undated application, Ext. B, and a medical certificate, dated 3rd December 1952, Ext. A, through registered post (Ext. B₁). The Company's case seems more probable. The registered cover (Ext. B₁) shows that it was posted on 24th December 1952 at Shyambazar Post Office and reached the destination Post Office on 25th December 1952. The management, it appears, received it on 26th December 1952. The undated application, Ext. B, gives direct lie to the workman's case that he had come to resume duty on 3rd December 1952. The said application (Ext. B) stated that the workman was attacked with fever from 25th October 1952 to 2nd December 1952 and was then attacked with dysentery from 4th December 1952 and that the workman could not therefore attend the mill during the period. These, therefore, would show that the workman did not turn up for duty before despatch of the letter on 24th December 1952. The story of illness likewise is not true. In his deposition as well as in his application, Ext. B, the workman states that he first got malaria from 25th October 1952 to 2nd December 1952 and thereafter dysentery, while the medical certificate stated that he got malaria fever with dysentery from 25th October 1952 to 2nd December 1952. Then the workman also gave direct lie to the contents of the medical certificate. According to him, he had been to Dr. R. K. Samanta only once on the night of Saturday, that is, 25th October 1952 and did not go to him thereafter till 3rd December 1952 when he got the medical certificate (Ext. A). But in his written statement the workman gave a different story that he was under the treatment of Dr. R. K. Samanta and of Dr. B. G. Dutta throughout the period of absence from 25th October 1952 to 2nd December 1952. Then when the workman did not go to Dr. R. K. Samanta on any other day except once at night on 25th October 1952, it is amazing how the grantor of the certificate (Ext. A) said to be Dr. R. K. Samanta, could state that the workman had an attack of malarial fever with dysentery and was not fit for duty from 25th October 1952 to 2nd December 1952. On the evidence of the workman (P. W. 1) himself, he was not at all competent to say so. His certificate, even if genuine, is therefore of no value. The mill has admittedly arrangements for medical attendance of the workman. The workman, Shri Dudnath Kurmi, if he was really ill, would have sought attendance there. Then had he really been ill he would have made application for leave and obtained the same before starting for home. The story of illness is, therefore, a myth.

It, on the contrary, appears that the workman absconded for fear of being arrested by the police from 27th October 1952. There is no dispute between the parties that on 21st October 1952, Sahadeo Sardar of the Jute Handling Department was assaulted by some workers when he was returning home after the mill hours. Following the said assault it appears that four workmen of the Jute Handling Department, namely, Nankoo, Kedar, Mooni and Trilochan, absented themselves from work without leave from 22nd

October 1952 (*vide* Ext. F). These workers, it further appears, were subsequently prosecuted on a charge of having assaulted the said Sardar and were eventually convicted (*vide* Ext. G). The workman, Shri Dudnath Kurmi admitted in his deposition that those four workers were living close to his house. The workman, Shri Dudnath Kurmi, according to his own showing, absented from 25th October 1952. It was however not a working day of the mill as it was a Saturday and thus in the Company's record his absence was noticed from 27th October 1952 (Monday), when the mill worked. As the assailants were admittedly living close to his house and absconded from 22nd October 1952 (Ext. F) following assault on 21st October 1952, it no wonder that Shri Dudnath Kurmi would follow suit for fear of being arrested by the police. He might or might not have been in the occurrence, but when his close associates were in the occurrence and absconded and subsequently surrendered and convicted, it is more probable that the workman, Shri Dudnath Kurmi too absconded. In any case, his absence, it appears, was not due to any illness. So there was no justification whatsoever for his long absence for about two months without leave. The Standing Orders of the Company provide that absence without leave for more than 10 days would be misconduct for which one is liable to be dismissed. In the circumstances, the termination of his employment cannot be said to be unjustified. It will not be out of place to mention here that the workmen, Mooni, Trilochan and Kedar, who were convicted, sent similar applications with medical certificates in almost identical terms (Exts. C to C₂, D to D₂, E and E₁) through registered post at about the same time in December 1952 to the Company from the same address—143, Raja Dinendra Street, Calcutta-4, for condonation of their absence. These could show that the workman, Shri Dudnath Kurmi was sailing in the same boat with those who were convicted for assaulting the Sardar and that his story of illness is faked as of his associates.

Now as to relief, the workman cannot get reinstatement when he had no justification for long absence without leave. But when the Company according to its showing has not dismissed the workman but has terminated his employment under clause 13 of the Standing Orders, I think it should in all fairness be liable to pay the workman compensation as follows from such termination. The workman would thus be entitled to get one month's wages in lieu of notice as also gratuity at the rate of 15 days' basic wages for each completed year of service from 1943 to 1948 in addition to provident fund dues including Company's full share of contributions and interest. The Company is directed to make payments within 7 days from the date the award becomes enforceable.

I award accordingly.

ANNEXURE.

Industrial dispute between Messrs. Ramar Press, 199/A, Muktaram Babu Street, Calcutta and their workmen represented by Press Employees' Association, 249/B, Bowbazar Street, Calcutta, referred under Government order No. 2284Dis./D/13L-4/54, dated the 29th April 1954.

**SHRI S. C. MUKHERJI, District Judge, Judge,

For the Union: Shri Indu Bhusan Sarkar, Secretary, Press Employees' Association.

For the Company: Shri P. R. Mukherji, Advocate.

By Government order No. 2284Dis./D/13L-4/54, dated 29th April 1954, the aforesaid dispute was referred to this Tribunal for adjudication. The issues framed by the Government were the same as the issues framed by this Tribunal and they were as follows:—

- (1) Service conditions.
- (2) Dearness allowance.
- (3) Leave and holidays.
- (4) Bonus.
- (5) Whether dismissal of Shri Dwijendra Lal Sarkar is justified?
what relief is he entitled

Notice of the aforesaid dispute having been served on the parties, the Union filed its written statement on 28th May 1954 and the company filed its written statement on 11th August 1954. The case was taken up for hearing on 24th January 1955.

The case for the Union is that the Press is a prosperous concern, that for a long time the workers have been urging the management to improve the service conditions but the company instead of paying heed to the requests took to the path of vindictive victimisation, that there is no security of service, that no proper dearness allowance is paid, that there is no grad-

stem, proper leave and wages, that the company makes profit as such, the workers are entitled to 2 months' salary per year as bonus, that during the pendency of the conciliation proceeding the management wrongfully dismissed one Dwijendralal Sarkar on 31st December 1953 without giving him proper charge-sheet and calling for his explanation and without making any enquiry and that the company is bound to reinstate him.

The company, on the other hand, contended that the emoluments given to it are proper having regard to the nature of the business, that it is not at all prosperous, that its leave and holidays compare favourably with other similar concerns, that the Company is running at a loss and consequently no question of bonus arises, that Shri Dwijendralal Sarkar had voluntarily left the services of the Press which had no occasion to discharge him and that he is not entitled to reinstatement.

AWARD.

At the time of trial, during discussion, the parties came to terms. The terms of this compromise are recorded in a petition and the terms are found acceptable. I, therefore, accept the terms and make my Award in terms of the petition of compromise which will form a part of my Award.

ANNEXURE.

Industrial dispute between Messrs. Calcutta Swimming Club, 1, Strand Road, Calcutta-1, and their employees represented by Shri Rajani Mukherji, Vice-President, National Chamber of Labour, 51, Chittaranjan Avenue, Calcutta-13, referred under Government order No. 2696Dis./D/11L-185/54, dated the 25th May 1954.

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

1 S. C. MUKHERJI, *District Judge, Judge, Fourth Industrial Tribunal.*

the Union: Shri Rajani Mukherji, Vice-President, National Chamber of Labour.

the Company: Shri S. K. Mullick (Jr.) of Messrs. Sandersons & Morgans, Solicitors.

By Government order No. 2696Dis./D/11L-185/54, dated 25th May 1954, the aforesaid dispute was referred to this Tribunal for adjudication. The issues framed by the Government were the same as the issues framed by this Tribunal and they were as follows:—

- (1) Revision of pay and dearness allowance.
- (2) Principles and procedure of promotion.

On receipt of the aforesaid reference notice was issued to both the Union and the Company. The Union filed its written statement on 25th June 1954, and the Company filed its written statement on 13th August 1954. The case was taken up for hearing on 22nd October 1954 and on the following dates.

The case for the Union is that the fixation of pay as made by the present Tribunal Shri P. K. Sarkar in the Award published in the Calcutta Gazette, dated the 18th March 1949, was irregular inasmuch as the fixation was made between an employee and another employee doing the same job and the dearness allowance fixed by the Award was too low, that the scale of pay for the clerical staff was as clerks doing the same job at different scales of pay and the Company's scale is below the prescribed scale of the Bengal Chamber of Commerce, that the scale of the stenographer is much below the market rate, that the duties of the Storekeeper is arduous and above the routine business and this additional type

of work testifies that they should be at the higher pay, that there is no channel for promotion for the employees of the clerical staff, that the maximum scales of pay was disproportionate and fall far short of when compared to period of service, that in consideration of the above scale, the scale of pay of the Bar Boys requires a revision.

The case for the Company is that the scales of pay for Operator and Stenographer are not only on the basis of but in some cases better than that laid down in the Award of 1949 and compared favourably with the general conditions of service of employees in Calcutta and it requires no revision by the present Tribunal, that due to varying nature of the duties of the clerical staff the scope of promotion is necessarily limited, that the Club, however, takes such opportunities as may arise to promote individual employees.

AWARD.

Issue No. 1.—On behalf of the employer it has been pointed out that although there are apparent irregularities between the scale of pay as framed by the First Tribunal, on an analysis it is found that there are different scales for a particular type of workers as noted in the Memorandum filed by the Company. The apparent irregularity, therefore, is no irregularity and I hold that the scales as framed by the Tribunal were those as are noted in the Memorandum. Within these grades a separate scale of pay was allotted to each worker at the date of trial by the last Tribunal. The pay that he was then drawing in the scale was shown as a minimum pay of his personal scale. His pay on that date was calculated according to the number of years of service that he has put in. So, in the case of Clerks I find that there were two other grades—

60—2½—90.

74—4—106.

and the other grades are as noted in Company's Memorandum.

The last Award was made in 1949 when Tribunal as well as the Union leaders were influenced by the balance-sheet of 1947 which showed the loss of Rs. 17,269. The Union had accordingly agreed to low grades of salary with regard to these employees, particularly the Clerks but since then years have passed. Although the previous agreement embodies all long term matters, still in the circumstances of the case, the grades urgently require a revision in order to keep pace with time and the present day cost of living. It was pointed out by the learned Lawyer for the Company that in 1951 the Club suffered a loss to the extent of Rs. 11,675 but in the year 1952 it earned a profit of Rs. 575-14-6 and again in 1953 it suffered a loss of Rs. 4,354 and odd. The sum total of the profit and loss of the three years show that the loss was even smaller than what it was in 1947 alone. However, on that date the Company stood pressure of the last Award quite well and its financial condition has not deteriorated than what it was then. In the circumstances a revision of the wage scale, which it is necessary, be granted to keep pace with time and the cost of living should in the fitness of the circumstances be granted.

At present Shri K. M. Roy and Shri S. R. Banerji are the two top men in the clerical grade and their scales are respectively Rs. 200—10—250 and Rs. 150—10—250. Of them the former has already reached near the maximum of the grade. In the circumstances, the maximum of the grades of each of them is raised to Rs. 270 allowing two increments Rs. 10 to each of these grades.

Next comes the grades of Shri H. S. Ghosh and T. P. Sinha—the Cashier and the Stenographer. Their grades are Rs. 120—7—176 and Rs. 110—7—173. Of them the former has almost reached the maximum of his grade by this time. In consideration of the grades with the other concerns, I raise the maximum of these two grades by adding three increments to each grade at the rate of Rs. 7 per year.

Next I take up the case of Clerks—B. K. Sen, S. K. Banerji, S. B. Barua, K. K. Ghosh and M. P. Chowdhury. Of them S. B. Barua is non-Matric, so are M. P. Chowdhury, S. K. Banerji—Clerks. Shri B. K. Sen is Matriculate and he is on the grade of Rs. 90—4—160 and the Kitchen Clerk M. P. Chowdhury is on the grade of Rs. 75—4—107 and Shri S. K. Banerji belonged to the grade of Rs. 90—4—106 and only S. Barua belonged to the grade of Rs. 67½—2½—90 and K. K. Ghosh who is a B.Com. is also on the grade of Rs. 60—2½—90 and this I cannot but characterise as unfair labour practice. These last two grades are practically the same, namely, Rs. 60—2½—90. The Club employs non-Matric Clerks, so I do not wish to abolish the grade of Rs. 60—2½—90 but if a Clerk is Matriculate he should be placed at the higher grade which the Company has given to B. K. Sen, Clerk, namely, Rs. 74—4—106. The upper limit of these grades is, however, inconsistent with the upper limit of the grades of Clerks in other similar concerns. In my opinion, this upper limit of each of these grades should be raised by allowing 5 increments in each grade at the existing rate, and K. K. Ghosh, Clerk, should be fitted in the higher grade on the basis of point to point adjustment with back pay from the date of reference.

There remains the case of the Comptometer Operator, Cash Register Clerk, Telephone Operator and Assistant Store Keeper. The maximum of these grades will also be increased by allowing 5 increments at the rate mentioned against these grades. The last increment of the grades of the Kitchen Clerk, Assistant Store Keeper, Telephone Operator would be Rs. 3 instead of Rs. 2½. The maximum of the grades of the Comptometer and the Cash Register Clerk should also be raised by five increments. The grade of the Electric Supervisor was fixed at Rs. 150—10—170 (E.B.)—0—200. The present incumbent of this post has already reached his maximum and as in the case of others the maximum of this grade should also be increased and I increase his grade by two increments. The previous grades of these employees should, therefore, be as follows:—

- (1) K. M. Roy, Office in charge—Rs. 200—10—270.
- (2) S. R. Banerji, Store Keeper—Rs. 150—10—270.
- (3) H. S. Ghosh, Cashier—Rs. 120—7—197.
- (4) T. P. Sinha, Stenographer—Rs. 110—7—194.
- (5) B. K. Sen, Clerk—Rs. 90—4—126.
- (6) N. C. Nandi, Comptometer Operator—Rs. 85—4—125.
- (7) K. M. Das, Cash Register Operator—Rs. 80—4—124.
- (8) M. P. Chowdhury, Kitchen Clerk—Rs. 75—4—127.
- (9) S. K. Banerji, Clerk—Rs. 90—4—126.
- (10) B. B. Banerji, Telephone Operator—Rs. 70—2½—103.
- (11) H. Banerji, Assistant Store Keeper—Rs. 67½—2½—103.
- (12) S. B. Barua, Kitchen Clerk—Rs. 67½—2½—103.
- (13) K. K. Ghosh, Clerk—Rs. 74—4—126.
- (14) K. D. Chowdhury, Electric Supervisor—Rs. 150—10—170 (E. B.)—10—220.

As regards sub-staff the grade of the Durwans, Sweeper, Female Sweeper, Pump Cooly, Office Bearer, Bar Masalchi, Kitchen Masalchi Sundry Job Worker, Godown Coolies, Glass Boy, Telephone Boy, Electric Boy and Mali is Rs. 25—1—35 and that of the Head Mali is 30—1—45 and that of the Assistant Mali is Rs. 25—1—35. The grade of the Head Dressing Room Bearer is Rs. 35—1—50 and of the ordinary Dressing Room Bearer, Safe Deposit Bearer and Peons—Rs. 30—1—45.

The grade of the Pump Mistry—Rs. 45—2—70.

The grade of Bar Boy No. 1—Rs. 40—1—60.

The grade of other Bar Boys—Rs. 30—1—40.

The grade of Joiner—Rs. 75—3—90.

Most of these persons have already reached the maximum of their grade and they do not find any interest in their work, as I heard from them when I had been in the Club. I think the maximum of the grade of each one of these persons should be reached by allowing 3 more increments over the maximum in each grade at the existing rate. I have seen the Safe Deposit Bearers while I had been at the Club and saw that they had to do a duty which is onerous in the sense that they have to keep in deposit valuable articles. In consideration of this their grade should be Rs. 32—1—47 and with the three increments, the new grade will be Rs. 32—1—50. The present pay that they are drawing should be increased by Rs. 2 with effect from the beginning of this year and in addition they will continue to get their increment as usual.

On the question of dearness allowance, I do not think that any increment will be justified just at present. The Company is already paying dearness allowance to the Clerical Staff according to Bengal Chamber of Commerce scale and to sub-staff at the fixed rate of Rs. 40 per month. The former scale was fixed by agreement and the latter scale was fixed by the Tribunal. When the case was heard in January 1949 the Cost of Living Index stood at the figure 336 and this year the maximum Cost of Living Index was 339 in May but it has again come down since then to 325 on November 1954. In view of the fact that the Cost of Living Index is at present on the wane and also the fact that certain burdens have already been placed on the Company regarding its workers thereby raising their present emoluments. I do not think that any further increase on the dearness allowance will be justified. So, the claim for increase of the dearness allowance is turned down.

Issue No. 2.—No particular case of hardship has been brought to the notice of the Tribunal. The awarding of promotion to the employees is a management function and since no particular case of hardship could be brought to my notice, I presume that there is no case of unfair labour practice which deserves to be considered by this Tribunal. So the existing practice should continue.

Judge, Fourth Industrial Tribunal.

(2) After an investigation by the Medical Service Committee into any question relating to the conduct of an Insurance Medical Practitioner, the Director of Health Services, West Bengal, may take action in any one or more of the following ways:—

- (a) If the Director of Health Services, West Bengal, is satisfied, after consultation with the Allocation Committee that owing to the number of persons included in his list the Insurance Medical Practitioner is unable to give adequate treatment to all the persons he may impose a special limit on the number of persons for whom the Insurance Medical Practitioner may undertake to provide treatment and in that event any number in excess of the limit shall be dealt with as though the list of that Insurance Medical Practitioner was by that number in excess of the general limit fixed for Insurance Medical Practitioners in that area.
- (b) The Director of Health Services, West Bengal, may recover from the Insurance Medical Practitioner by deduction from his remuneration or otherwise any expenses (other than expense incurred in connection with an investigation by the Medical Service Committee) which have been reasonably and necessarily incurred by the Director of Health Services, West Bengal, or by any insured person or any person acting on his behalf or on behalf of the family of a deceased insured person owing to the Insurance Medical Practitioner's failure or negligence in complying with the terms of service and any expenses so recovered shall, in the case of expenses incurred by the insured person or by any person acting on his behalf or on behalf of the family of a deceased insured person be repaid to the insured person or other person by whom the expenses have been incurred.

Explanation.—In this clause "negligence" includes failure to exercise reasonable skill and care in the treatment of a patient, failure to visit or treat a patient when necessary, failure to supply any necessary medicine or appliance for the use of a patient or failure

to discharge the obligation imposed on Insurance Medical Practitioners to advise the patient as to the steps to be taken to obtain necessary treatment if the condition of the patient is such as to require treatment which is not within the scope of the Insurance Medical Practitioner's obligations under the terms of service.

- (c) If the Director of Health Services, West Bengal, is satisfied, on consideration of any report by the Medical Service Committee, that an Insurance Medical Practitioner has failed to comply with the terms of service applicable to him he may recommend to the State Government that—
 - (i) he be authorised to withhold such amount as he deems fit from the money payable as remuneration to the Insurance Medical Practitioner; or
 - (ii) the continuance on the medical list of the Insurance Medical Practitioner will be prejudicial to the efficiency of the service and that he be authorised to remove the Insurance Medical Practitioner's name from the medical list;

Provided that before deciding to withhold any such amount or to remove the name of the Insurance Medical Practitioner from the list, the State Government shall afford to the Insurance Medical Practitioner concerned a reasonable opportunity of making representations to it on the matter.

6. Investigations of prescribing treatment, of record keeping and certification.—(1) Where it appears to the Director of Health Services, West Bengal, after due investigation that there is a *prima facie* case for considering that—

- (a) (i) an Insurance Medical Practitioner is not dispensing to the insured persons on his list such amounts of drugs and dressings as might ordinarily be expected to be reasonably necessary for the adequate treatment of those persons; or
- (ii) by reason of the character or quantity of the drugs ordered by the Insurance Medical Practitioner the charge imposed upon the funds available for the provision of medical benefit is in excess of what was reasonably necessary for the adequate treatment of those persons; or
- (b) an Insurance Medical Practitioner had failed to carry out his obligations under the terms of service appended to these rules, so far as the obligations involved the recording of clinical data regarding his patients,

the Director of Health Services, West Bengal, may refer the matter to the Allocation Committee.

(2) Where it appears to the Corporation after due investigation that there is a *prima facie* case for considering that an Insurance Medical Practitioner has failed to exercise reasonable care in the issue of medical certificates to insured persons on his list or to persons for whose treatment he is responsible under these rules, the Corporation may refer the matter to the Allocation Committee.

(3) Any reference to the Allocation Committee under sub-rules (1) and (2) shall be accompanied by a statement indicating the matters on which it appears to the Director of Health Services, West Bengal, or the Corporation, as the case may be, that an explanation is required.

(4) (a) The Allocation Committee shall furnish the Insurance Medical Practitioner concerned with a copy of the said statement and shall afford him reasonable opportunity of submitting to them a statement in writing and of appearing before and being heard by them.

(b) A copy of any such statement by the Insurance Medical Practitioner shall be forwarded to the Director of Health Services, West Bengal, the Corporation, as the case may be, by the Allocation Committee for its observations and the Director of Health Services, West Bengal, or representative or representatives of the Corporation, as the case may be, shall be entitled in case of a hearing to attend and be heard by the Allocation Committee.

(5) (a) After duly considering the case the Allocation Committee shall draw up a report of their findings on the question whether there has been a failure on the part of the Insurance Medical Practitioner to exercise due care or discretion in any of his proper functions referred to in the rules (1) and (2) and, if so, what is the extent and gravity of the failure together with a recommendation as to the action, if any, which should be taken.

(b) The Allocation Committee shall forward the report to the Director of Health Services, West Bengal, and the Corporation and shall furnish the Insurance Medical Practitioner with a copy of the report.

(6) After consideration of the findings and recommendations of the Allocation Committee the Director of Health Services, West Bengal, shall in consultation with the Corporation, where the findings relate to investigation of certification, take action in accordance with the provisions of sub-rule (2) of rule 24.

PART IV—MISCELLANEOUS.

27. **Delegation of powers.**—(a) The State Government may delegate any of the powers or duties conferred or imposed upon it by these rules to some of its officers as it may, with the consent of the Corporation, specify in this behalf.

(b) The Director of Health Services, West Bengal may delegate any of the powers or duties conferred or imposed upon him by these rules to some of his subordinate officers as he may, with the consent of the State Government, specify in this behalf.

28. **Local Medical Committees.**—The Insurance Medical Practitioners in any area may form a Local Medical Committee under these Rules, and if they do so and give notice to the Director of Health Services, West Bengal, of the formation of such a committee, he may recognise it in consultation in all matters relating to these rules if he is satisfied that the committee is representative of the Insurance Medical Practitioners of the area.

LABOUR DEPARTMENT

ORDER.

No. 741Dis./D/7L-30/54.—22nd February 1955.—Whereas under the Government of West Bengal, Labour Department, order No. 2174Dis./D/0/54, dated the 21st April 1954, read with its corrigendum 2917Dis./D/7L-30/54, dated the 9th June 1954, the industrial dispute between Messrs. Luxmi Jute Press, 22, Burtolla Street, Calcutta and workmen as represented by Lakshmi Jute Press Workers' Union, 29/10, Cossipore Road, Calcutta, regarding the matters specified in the schedule thereto was referred for adjudication to the Sixth Industrial Tribunal;

and whereas the said Sixth Industrial Tribunal has submitted to the Government its award on the said industrial dispute;

now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

The matter of an industrial dispute existing between Messrs. Luxmi Jute Press, 22, Burtolla Street, Calcutta and their workmen as represented by Lakshmi Jute Press Workers' Union, 29/10, Cossipore Road, Calcutta.

BEFORE THE SIXTH INDUSTRIAL TRIBUNAL, NEW SECRETARIAT BUILDING, WEST BENGAL, CALCUTTA.

PRESENT:

MOTILAL CHAKRAVATTI, *District Judge, Judge, Sixth Industrial Tribunal.*

Appearances.

Messrs. Luxmi Jute Press: Shri N. M. Das Gupta, Advocate.

Luxmi Jute Press Workers' Union: None.

Acting under sections 7 and 10 of the Industrial Disputes Act, 1947 of 1947), the Government of West Bengal, Labour Department, by No. 2174Dis./D/7L-30/54, dated Calcutta, the 21st April 1954, and subsequent corrigendum No. 2917Dis./D/7L-30/54, dated Calcutta, the 9th June 1954, referred the aforesaid dispute for adjudication to me regarding the matters specified in the schedule to the Order of Reference.

SCHEDULE.

- (1) Whether all permanent workmen should be admitted to the benefits of the Company's Provident Fund Scheme? What should be the length of their minimum qualifying service for the purpose? Whether an account of the workmen's contribution to the Fund together with interest thereon should be supplied to the contributors at regular intervals?
- (2) Will any sick leave or any casual leave with pay be admissible to workmen during a year?
- (3) Will any gratuity be payable to workmen on retrenchment? On what conditions will it be admissible?

AWARD.**Issue No. 1.**

The contention of the Union is as it appears from the written statement that there are 25 workmen in this Company of whom 18 are labourers, three clerks, and four durwans. Company also admits that the number of workmen is twenty-five.

The Company's contention however is that the durwans and clerks "did not exercise their option to participate in the Provident Fund as per Award of Shri R. Gupta". It is also contended that in view of the small number of workmen employed in this Company, contributory provident fund should not be introduced. The Company however does not say that there is any scheme of gratuity in this Company. In these circumstances and in view of the unchallenged allegation of the Union that the Company is existing for about 50 years, it is highly reasonable that there should be a Provident Fund scheme and that all permanent workmen should be admitted to the benefits of the Company's Provident Fund. I do not think that there should be any length of service by way of minimum qualification for eligibility for the same. The Company should decide after consulting the Union as to the length of the interval at which Provident Fund Accumulation Slips will be supplied to the contributors. As the parties did not adduce any evidence, Tribunal is not in a position to fix the said length of interval.

Issue No. 2.

The Company alleges that it usually give sick leave with half pay up to 15 days in a year on production of medical certificate from a registered medical practitioner and that the Company is prepared to abide by this rule. With regard to casual leave, Company's contention is that in actual practice the workers are given casual leave without pay up to 10 days a year. Several awards regarding engineering concerns (firms) were produced by the Company. I find that casual leave with pay is not in vogue in the Jute Presses. Therefore the existing practice regarding casual leave and sick leave is confirmed.

Issue No. 3.

In view of the amendment of the Industrial Disputes Act providing for retrenchment relief for the workmen, this issue has become nugatory. Therefore I give no award on this point.

Dictated and corrected by me.

FORE THE THIRD INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI J. N. MAITRA, *Judge, Third Industrial Tribunal.*

the Workers: Shri Patit Paban Pathak.

the Company: Shri Manamohan Dutta, Accountant of the Company.

AWARD.

By order No. 2667Dis./D/11L-108/54, dated the 25th May 1954 subsequent corrigendum No. 2974Dis./D/11L-108/54, dated the 14th June 1954, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Panna Sen & Co., Ltd., 3, Kuchil Sircar Lane, North Bantra, Howrah and their three workers, viz., Shri Gourmohan Shikari, Shri Santosh Kumar Hazra and Shri Vikram Mishra, all of 15/2, Joydeb Kundu Lane, Kadamtala, Howrah, represented by themselves, regarding the matters specified in the schedule, to the Third Industrial Tribunal constituted under section 7 of the Industrial Disputes Act (Notification No. 592Dis./D/12L-5/52, dated the 23rd February 1953, for adjudication.

After summons the parties entered appearance and filed their statements. The pleadings were completed on 18th October 1954. The parties were thereafter directed to file list of documents. The dispute was heard on 9th February 1955.

3. The matter of dispute as stated in the schedule to the order, reference is as follows:—

(1) To what benefits the following workmen are entitled on their retrenchment?

(1) Shri Gourmohan Shikari.

(2) Shri Santosh Kumar Hazra.

(3) Shri Vikram Mishra.

4. The three workmen, Shri Gourmohan Shikari, Shri Santosh K Hazra and Shri Vikram Mishra, were employed in the factory. They retrenched on 10th August 1953 on the ground of paucity of work. did not challenge the retrenchment or claim reinstatement.

The dispute arose between the parties regarding the question of retrenchment relief. In course of the conciliation proceedings the Conciliation Officer proposed to the parties payments under different heads below by the Company to the workmen in settlement of the dispute:—

(a) Gratuity at the rate of 15 days' wages for each completed year of service;

(b) One month's wages in lieu of notice;

(c) Earned wages in arrear, if any;

(d) Wages in lieu of statutory leave accrued till date of retrenchment.

The three workmen concerned were willing to accept those payments in full settlement of their claims while the Company was unwilling to do so under items (a) and (b) as above. Thus the dispute came to be referred to this Tribunal for adjudication. Before this Tribunal the workmen demanded payment in accordance with the proposals of the Conciliation Officer while the Company resists claims under items (a) and (b).

DECISION.

In support of their case the three workmen concerned have deposed before this Tribunal (P.W. 1 to P.W. 3) besides filing their Holiday Books, Exts. 1 and 2. The Company, on the other hand, has examined its Accountant, D.W. 1, Shri Manamohan Dutta.

Messrs. Panna Sen & Co., Ltd., which had retrenched the three workmen is a private limited company said to have been formed on 14th April 1949 after purchasing the business of Sen & Co. (vide D.W. 1). Sen & Co. agreed on all hands, had two factories—one at 7, Srinath Babu Lane, Calcutta and the other at 3, Kuchil Sircar Lane, Howrah. The workman Shri Gourmohan Shikari, it appears from his evidence supported by Holiday Book (Ext. 1), had joined Sen & Co., as Hammer-man at its factory at 7, Srinath Babu Lane, Calcutta on 17th January 1949, while the workman, Shri Santosh Kumar Hazra, it appears from his evidence supported by Holiday Book (Ext. 2), had joined Sen & Co., in the Blacksmith Department in its factory at 3, Kuchil Sircar Lane, Howrah.

11th November 1948. They had continuous service from the dates they joined till they were retrenched on 10th August 1953. These workmen accordingly claimed, on the basis of the past service under Sen & Co., to have served for more than 5 years before they were retrenched. The company, on the other hand, contended that their length of service for the purpose of retrenchment relief should be counted from the date the present company, Messrs. Panna Sen & Co., Ltd., was formed. I am unable to accept the Company's contention. As it appears that the owners of Sen & Co. and of the present Company are same and as it further appears that the present Company purchased the business of Sen & Co. and allowed the employees of Sen & Co. to continue in its employment, it cannot legitimately avoid obligations of its predecessor. Accordingly the aforesaid workmen, in my opinion, are entitled for the purpose of retrenchment relief to count the length of service from the date they joined in the predecessor company.

As regards the other workman, Shri Vikram Mishra, there is no dispute that he had joined employment of Messrs. Panna Sen & Co., Ltd. His evidence which remains un rebutted shows that before retrenchment he had served for about 15 months. The Accountant's (D.W. 1's) evidence to the contrary cannot be accepted when the attendance register, though called for by the workmen, has been withheld.

Now as to relief, there is no dispute that the three workmen were monthly salaried employees. It is, therefore, obvious that they were entitled to one month's notice before termination of their employment. They are accordingly eligible to get one month's wages in lieu of notice. As regards gratuity, workmen, Shri Gourmohan Shikari and Shri Santosh Kumar Hazra should get two months' wages and Shri Vikram Mishra 15 days' wages as gratuity or compensation, which I think to be fair in the circumstances of the case having regard to the length of service and other relevant factors. The Company is accordingly directed to make the above payments besides salary, if any, in arrear and pay for the period of leave under section 79 of the Factories Act within one month from the date award becomes enforceable.

award accordingly.

ORDER.

No. 740Dis./D/11L-258/54.—22nd February 1955.—Whereas under the Government of West Bengal, Labour Department, order No. 38Dis./D/11L-219/52, dated the 3rd January 1953, the industrial dispute between the Union Drug Co., Ltd., Head Office at 285, Bowbazar Street, Calcutta, and factor at 182, Rai Ambica Charan Roy Bahadur Road, Behala and their employees as represented by the Union Drug Employees' Union, Roy Bahadur Road, Behala, Calcutta, regarding the matters specified in the schedule thereof was referred for adjudication to the Fifth Industrial Tribunal;

And whereas during the pendency of proceedings before the said Tribunal a complaint was filed before it by Shri Abinash Chandra Barua, an employee of the said Company at 285, Bowbazar Street, Calcutta, against the said Company alleging that the said Company discharged the said employee concerned in such dispute;

In the matter of a complaint under section 33A of the Industrial Disputes Act, 1947, as amended by the Industrial Disputes (Appellate Tribunal) Act, 1950, filed by one Shri Abinash Chandra Barua, an employee of Union Drug Co., Ltd., at 285, Bow Bazar Street, Calcutta, against said Company.

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL, CALCUTTA.

PRESENT :

SHRI G. PALIT, *District Judge, Chairman, Fifth Industrial Tribunal.*

Present for the Company: Shri N. M. Das Gupta, Advocate.

Present for the workmen: Shri Patit Paban Pathak, the representative of the workmen.

1. The original reference out of which this case has arisen was made under Government order No. 38Dis./D/11L-219/52, dated the 3rd January 1953.

AWARD.

The contention of the worker is two-fold, viz., (1) that he was a permanent employee in the Tablet Department of the Company having completed the period of probation; and (2) that his discharge should have been prefaced by a notice, and by having secured the prior permission of the Tribunal before whom the main case was then pending.

The Company denies all these things. It alleges that the applicant in question was a temporary employee and, as such, no permission of the Tribunal under the section 33 of the Act was necessary here. Besides, the Company did not require any longer the services of this employee.

It can never be argued that obtaining of permission from the Tribunal under section 33 of the Act is out of place when the worker discharged happens to be a temporary hand. The section 33 might be out of place when a temporary hand is employed either for a specific period, or for a fixed employment. In such a case the appointment of the temporary hand terminates when that period is over, or when that work is finished. No action from the employer is necessary to terminate such services. Such termination is automatic, more or less. No overt act on the part of the employer is called for. In such a case, of course, no permission of the Tribunal is necessary. But where the nature of the employment is such that it does not bring the employment under any of the above two specified cases, prior permission of the Tribunal is necessary even though the man might to be discharged happens to be a temporary hand. If any authority is needed, I should refer to the case of the Eastern Chemical Co. (India) Gangaram and nine others (Rastriya Chemical Kamgar Sangh) reported by the L.L.J., December 1953, page 882.

Coming to the facts of the present case, the worker has not examined himself. His representative has filed a copy of the award given by this Tribunal, published in the *Calcutta Gazette* of the 19th November 1953. From this it is clear that the applicant's service was terminated during the pendency of the main case before the Tribunal, the date of termination being February 1953 (*vide* Ext. A). The next question is whether any permission of the Tribunal was necessary under the section 33 of the Act for the termination of his services. That no such application under the section 33 was made, is admitted. Exhibit A1, of course, shows that this applicant was appointed on a temporary basis in the leave vacancy of one

Satish Saha on 10th July 1952. That, of course, displaces the applicant's contention that he was a permanent employee. But it is not the policy of the Company that Shri Satish Saha returned to his duties, and as a result, the applicant was thrown out of employment, he being a mere *baddi* worker. That has not been stated to be the cause of his discharge. He was replaced by one Madhab Pattabardhan, a permanent worker (*vide* Ext. A). P. W. 1, the Company's witness, gives the following reasons for the discharge of this man:—

"In October 1952 about 34 men were retrenched. Among them there were some permanent workers also. In expectation of coming of some machines this man was retained. Those machines actually came towards the end of January or early in February 1953. As his work was no longer necessary, he was discharged."

I refer to certain correspondence ending on the 22nd January 1953, which shows that these machines were received sometime in the end of January. If this witness wants to say that the coming of these machines rendered the services of this temporary man unnecessary, then he stands contradicted by his own document, Ext. A. Therein I find that one Madhab Pattabardhan, a permanent worker, was appointed to do his work consequent to the discharge of this man. So it can never be contended that the coming of those machines rendered the services of the petitioner redundant. Of course, what the witness wants to say is not very clear. He says that this man was retained in the expectation of coming of some machines. If the

man was allowed to continue in the service so that he might be utilised the work of the new machines, then there can be no point in discharging him when the machines did actually arrive. So the Company cannot satisfy the Tribunal as to the real reason why this applicant was discharged. At least, the reasons which the Company has shown do not carry conviction. In his argument the learned Advocate of the Company wanted to say that as some permanent men were retrenched, and that retrenchment was found justified in the main case, this temporary hand could be discharged even without any reason. Such an argument can never hold water. If this man being a temporary worker, was liable to be chucked out before the permanent hands were discharged, then why was he retained? He might have been retained graciously by the Company, but that does not give the Company any justification to retrench him at any time it pleases. At all events, the Company should have taken prior permission of the Tribunal under the section 33 of the Act. So the Company's act in discharging this workman cannot be justified. The section 33 has been infringed, and the petition under the section 33A does lie.

Now, coming to the relief which I should grant to the applicant in the present case, I find that he has been displaced by a permanent hand. It is also in the published award that some permanent hands were retrenched. The claim of a permanent hand to the service is certainly stronger than the claim of a temporary hand, so far as retention in the service is concerned. So I cannot set aside the order of discharge in the present case. But I should grant some compensation to this applicant for his irregular discharge. He might be a temporary hand, yet he should not have been discharged without the sanction of the Tribunal and without good reasons. So I grant him compensation to the extent of four months' wages on the scale of pay last drawn, I mean, basic salary and dearness allowance. This is made payable within one month of the award coming into operation.

I award no cost in this case.

the matter of an industrial dispute existing between Messrs. Martin Burn, Ltd., and all the associated companies of which Messrs. BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT :

SHRI G. PALIT, District Judge, Chairman, Fifth Industrial Tribunal.

Present for the Company: Shri S. C. Sen, Advocate of Messrs. Orr Dignam & Co., Solicitors, and also Shri J. K. Ghosh, Advocate.

Present for the Union: Shri P. K. Sanyal, Advocate.

1. By Government order No. 3549Dis./D/10L-114(A)/53, dated the 21st September 1953 and subsequently by another addendum No. 7Dis./D/10L-4(A)/53, dated the 4th January 1954, the aforesaid dispute was referred to the Fifth Industrial Tribunal, presided over by me, for adjudication under sections 7 and 10 of the Industrial Disputes Act 1947 (XIV of 1947). The said Fifth Industrial Tribunal was constituted under notification No. 3581-Ab., dated the 9th June 1951.

2. The reference was received here on 23rd September 1953. The Union filed its written statement on 8th October 1953 after usual notices. The Company filed written objection on 6th November 1953. An additional written statement was filed by the Union on 25th January 1954, in view of an addendum referred to above. Afterwards another addendum was received on 16th February 1954 adding one more issue about "gratuity". The Company filed written objection on 5th April 1954 to the above additional written statement. The case was taken up for hearing on 18th November 1954.

It continued till 19th November 1954. The argument was concluded on 14th December 1954. The award was reserved.

3. The issues contained in the schedule to the order of reference stand as follows:—

- (1) Revision of existing grades.
- (2) Tiffin.
- (3) Extent of Medical aid.
- (4) Security of service.
- (5) Gratuity over and above Provident Fund.

AWARD.

4. **Issue No. 1.**—The Union has taken its stand on the award of the Mercantile Tribunal which was published in the *Calcutta Gazette* on the 25th August 1949. Under that award the grades of clerks were as follows:—

Grade D—Rs. 70-3-130.

Grade C—Rs. 70-4-134.

Grade B—Rs. 110-7-180.

Grade A—Rs. 160-10-260.

Special grade—Rs. 260 and upwards.

The grades for the subordinate staff were as follows:—

(a) Motor car drivers and technical staff—Rs. 62-1-72—E. B., 82.

(b) Durwans—Rs. 32-1-42—E. B.—1-52.

(c) Bearers, Chaprasis and other subordinate staff—Rs. 30-1-4—E. B.—1-50.

In respect of the above grades, the Union suggests that the grade D should be totally abolished, and the grades B and C should be amalgamated and reconstituted as below:—

Rs. 80-5-120-7½-180.

The fitting in should be done by giving one lift for each three years' service. The grade for the skilled workmen is suggested to be Rs. 70-4-110-5-134. The grade of the highly skilled workmen, viz., Motor Mechanics, Electricians, Cooling plant and Machine Operators should be Rs. 100-5-160. The grade for the Durwans, Bearers, etc., is suggested as Rs. 40-2-60-3-75. In case of other staff it should be Rs. 35-1-50-2-60.

Against this the Company contends that no revision of the grades should be made until and unless the Mercantile Tribunal's award is revised. There has been no change of circumstances since the said award which could warrant such a drastic revision.

The Union, on the other hand, contends that the Mercantile Tribunal's award did nothing more than giving an extra amount of Rs. 10 on a flat : on what was allowed by the Bengal Chamber of Commerce. So it was *ad hoc* basis. It had no solid foundation on scientific basis. As such Tribunal will be perfectly justified in granting revision of the grades, e

Let me consider the matter in this perspective.

The Mercantile Tribunal had before it 237 companies. Being a small Tribunal, it had to consider not only big commercial concerns, but also concerns of comparatively insignificant status. In such a case, the high common factor was generally found out and prescribed so that it might work out hardship on any. Now, if the present workmen want that the award had outlived its utility, and it should be revised, they should do by a frontal attack and not by a lateral one as here. The Government should have been approached. If the Government thought it expedient, it could have set up another major Tribunal to go into the question, and make appropriate revision to answer the requirements of time. But the

it done. What is done is, approaching the matter in a round about way. Some firms are selected, and their grades are revised, this Tribunal would be responsible for provoking fresh disputes where there is none. In the end, Government's hands will be forced much against its will. That is not conducive to industrial peace.

There is another aspect from which the matter should be considered. The major Tribunal dealt with in a comprehensive manner all conceivable cases, actual and probable, in respect of the industry. Very good results have also been achieved by other major Tribunals to promote industrial peace. For instance, the major Engineering Tribunal has secured peace for a good number of years. So also the major Cotton Textile Tribunal, and the major Jute Tribunal. What I mean to say is that awards of such major Tribunals should not be disturbed in this piece-meal manner. If they call for any revision, that should be done in a collective manner as by another Tribunal.

The learned Advocate of the Union argued eloquently before me that the Mercantile Tribunal did not have any opportunity of having the Pay Commission's Report. That does not appear to me as a fact. Even if it is so, I do not think that the decision would have been otherwise than what it has been. Even the grades prescribed by the Pay Commission were substantially different from what were given by the Mercantile Tribunal's award, if the liberal dearness allowance is taken together. The award of the Mercantile Tribunal was never tentative. It was quite broad-based, because there was the Bengal Chamber of Commerce's decision about grades forming its basis. The very liberal decision about dearness allowance was before it. There was also an agreement among all the parties figuring in it regarding the acceptance of the suggested grades and scales. In this context, what the Mercantile Tribunal decided was a well considered decision. I am not here to sit in judgment over the said decision. Even though I thought fit to modify the recommendations in certain respects, I would not have done so for reasons referred to above.

Next, it was very seriously contended by the learned Advocate of the Union that the Mercantile Tribunal did not base its decision on scientific data.

What the learned Advocate really meant by "scientific data" is not clear. If he meant that the Mercantile Tribunal did not arrive at its award of grades by going into the questions of subsistence wages, then I would not have the argument does not go very far. The Hon'ble Labour Appellate Tribunal in its award in respect of the Caltex (India), Ltd., in November 1952, decided that Rs. 67-8 was the minimum wage for a clerical employee (1952, L.A.C., page 402). So, if Rs. 70 is fixed as the minimum of the lowest grade, no complaint can really be made. Their Lordships, of course, in the Caltex (India), Ltd., case fixed Rs. 80 as the minimum of the 1st grade. But that was because it was an Oil Company. Oil Companies occupy a unique position among the companies trading in India. They have huge foreign capital at their back. They make colossal profits. They are monopoly business. So what grade can be given in case of oil companies in general, and Caltex (India), Ltd., in particular, can never be given literally in case of other firms. If we take a dispassionate view of the matter, all at once we see that such a step would be attended with serious consequences. Oil is a commodity which is used commonly either by the people or by commercial concerns, but engineering commodities or electricity are things which can be used by the very poor as well as by the rich. So, if the expenditure by reason of grades is raised in the case of engineering and other concerns, which are before me, the repercussion on

the consumer public will be rather serious. The middle class is already on the breaking point. Nobody would put the last straw on the camel's back by raising further the expenditure of engineering concerns, etc., if he can so help. That Commercial concerns stand on a footing different from oil concerns will at once appear from this that Their Lordships of the Labour Appellate Tribunal granted Rs. 70 as the minimum of the lowest grade in the case of Messrs. Karamchand Thaper & Bros. in the same year (*vide* 1953, L.A.C., page 152). So to put Rs. 70 as the minimum of the lowest grade, as has been done by the Mercantile Tribunal, can never be said to be lacking in scientific basis. So that argument of the Union is more or less hollow.

There is another stand-point from which I would be loath to disturb the grades prescribed by the Mercantile Tribunal. It was held by Their Lordships of the Labour Appellate Tribunal in the Army Navy Store's case that grades and scales are long-term affairs. They should be kept to stand for a reasonable period of time (*vide* Army Navy Stores, 1951, L.L.J., page 31). The learned Advocate of the Union drew my attention to the Census Report of India, and wanted to argue that the consumption unit should not be taken to be 2.25 or 3, as in those awards, but it should be very well 8 or 9. But this argument also does not stand scrutiny. A particular workman may be encumbered with a very big family, but the average never gives the average. Besides, in cases of these workmen who are employed here in India, the entire family does not depend upon one's earnings. They earn themselves as soon as they grow up. Even the wives of workmen do not sit idle. Besides, these workmen, working in one province and having their native place in another, do generally have agricultural income. This implements the earning obtained by serving in concerns here. So the total family of a workman can never be taken into the reckoning in fixing the consumption unit.

Next, let me consider the matter on its merits. I have already said that the Mercantile Tribunal and the B.C.C. had provided for very high some dearness allowance based on sliding scale which neutralises the deflation in the wage because of the high cost of living, to a considerable extent. If the total earning is considered, it appears to be fairly high. Under B.C.C. scales, 115 per cent. or so is the dearness allowance that is given on the first Rs. 100 of the salary. So the earning as such, as provided for under the Mercantile Tribunal's award, does not call for any revision. Then why should the grades be further increased? Has the efficiency or productivity of the labour increased since the award of the Mercantile Tribunal? Has the level of National income gone up since the award? Have prevailing rates of wages in neighbouring concerns gone up? There is evidence of any of these elements being there which might tend to the Tribunal to raise the wages. All that is said is that the wages that are being given fall short of the living wage, which should be the object of the award before everyone. It has been held by Their Lordships of the Labour Appellate Tribunal that the living wage in the present context of the country's position can never be achieved at the present moment. The workmen have got to be satisfied for the present, and for a long time to come, with the fair wage which is slightly above the minimum wage. Now, if the matter is dispassionately considered, it would appear that we are making rather a fetish of the Fair Wage Committee's Report. This report is certainly useful just to show how the wage should be conditioned to make the labour efficient, and progressively reach an ideal, and to make him worthy of a citizen of a free country. But this is only the objective view of the matter. It can never say either the last word, nor can go far enough.

the grades ultimately have got to be based on job valuation and time study. What can be done by costing. We have to consider the value of raw materials, prices of labour, and the profits of the Company. So the labour is not only a factor which occupies a position in the matter of expenditure and income of the Company. If the expenditure of labour goes uncontrolled, the income of the Company will be reduced till either it will go into liquidation throwing the workmen out of employment, or the capital will be shy, and the business will be faced with ruin. So, taking a broad view of the matter, I am not one who would like to interfere with the grades fixed by the said Mercantile Tribunal. I would not have taken pains to say all this, if I did it just to convince the labour that the Tribunal is not there only to resolve the dispute by appeasement, that only if the workmen asked for a revision of pay, that would be given. The Tribunal will not be doing its duty if it shuts its eyes to the condition of the industry, and also excludes scientific data which in ultimate analysis govern its decision. Even if the decision is based on proper scientific basis or on well-thought consideration, the labour may not always be appeased, but they may look round and be concerned. That will promote industrial peace. So the labour will be well satisfied if they remain content with the present grades of pay for some time to come.

Next, I consider the specific suggestion of the Union regarding the revision of the grades. I do not abolish the grade D as suggested. Such a grade also exists in the case of Messrs. Karamchand Thapar & Co., where there are four grades with the minimum of Rs. 70.

Regarding the claim of amalgamation of the grades B and C, I accept the Union's suggestion. But I do not accept fully the pay scale and the constituted grade as suggested. What I want to do is to amalgamate the two grades with the minimum disturbance. In the existing grades there are certain shortcomings. For instance, there is no scope for efficiency bar. Secondly, there is no provision for automatic promotion from one grade to another; the period of the grades is also rather small. For instance, in the grade C, which is from Rs. 70—4—134, the entire period will be covered in 16 years. Now, what a man will do when he reaches the top at the end of 16 years? Still he will have a fairly long period to cover in the service. So he will either stagnate at the top wage which will bring about deterioration, or he will have to be given a promotion. At that early stage of the service such a thing is not at all desirable. Besides, if the two grades are amalgamated, the maximum pay being pretty high, it will keep up a clerk in attaining steady progress, and will also add respectability to his service. So I award as below:—

Grade D—Rs. 70—3—100—E. B.—4—140—20 years.

Grades B and C—Rs. 70—4—110—E. B.—7—180.

The grade A and the special grade have not been attacked by the Union. Regarding the motor car drivers, durwans and bearers, I do accept the suggestion of the Union for modification. The grades and scales of pay along with dearness allowance are perfectly fair. I do not like to introduce unnecessary discrimination among these men by saying that some do routine work, and others do more responsible work; some do skilled work, and others do better skilled work. Such discrimination would tend to produce more discontent than peace. I would put in a word about the fitting in. I have not introduced any very great change, so the fitting in does not create any difficulty. Anybody whose existing pay falls short of his point wage in the above scale, he would be just pulled up to reach that point, and one extra increment may be given, if necessary, for the purpose. The

claim for one increment for every three year's past service is untenable. That is given where the new grade is substantially different, and the men are proved to have been deprived of the legitimate dues in the past. That is not the case here. The crossing of efficiency bar should be prospective. So I do not provide for any increment in the past. So this issue is answered.

Issue No. 2.—The Union claims free tiffin or Re. 1 per head per day in lieu thereof. It contends that the Company gave tiffin before. It places some correspondence exchanged on this point with the Company. From these it is clear that the Company has abolished this free tiffin some fifteen years ago. They do not like to give it now when the dearness allowance has made up for any deficiency in the wage. The Company's attitude is that the workmen having a fair wage and also fair dearness allowance cannot have this concession on the head of tiffin. They cannot eat the tiffin and have it too, as the saying goes. The Company has started a canteen for the purpose. Now, the Tribunal interferes in the matter of tiffin in two cases, viz., (1) if the concern is located at a place where tiffin can be had or procured, (2) where the salary of the staff is such as it does permit them to spend for tiffin. If they go without tiffin, that may upon their efficiency for work. But in the present case this concern is located near about Dalhousie Square where there are so many restaurants and tea stalls. The Company is also agreeable to provide for a canteen. The salary here is not such as cannot permit the staff paying for their tiffin out of it. So, this is not a matter where the Tribunal can interfere. So the claim as such is turned down.

Issue No. 3.—The Company has provided for a part-time Medical Officer and a Compounder for all time. But there is no provision for paying medical expenses. A part-time medical officer seems to answer the purpose because in case of serious illness of any employee he can be admitted in the Hospital. For ordinary cases the compounder under the advice of the medical officer seems to be enough. But I think that there should be some provision for defraying the medical expenses. The Labour Appellate Tribunal has also provided for this in similar cases. So I direct that the Company will pay the expenses of all extra medicines and injections as the Company's doctor will prescribe, or are prescribed by other doctors approved by the Company's doctor. But I fix the maximum limit, which will not exceed in any case unless the Company so desires, one month's of the employee concerned in a year.

Issue No. 4.—I get admission in the evidence of the Union that there was no case of dismissal within recent memory. So the Union is needless apprehensive about security of service. Such security is not in danger or imminent peril. So, no relief is called for under this head, and I disallow it.

Issue No. 5.—The Mercantile Tribunal increased the Provident Fund contribution of both sides from 5 per cent. and odd to 10 per cent. In this view they disallowed "gratuity". Of course, gratuity, over and above the Provident Fund, is granted in many cases where the condition of the Company is affluent. But here I do not like to disturb the award of the Mercantile Tribunal by awarding gratuity in addition to the Provident Fund. Shri M. C. Banerji, Tribunal, in his recent award in the case of McLeod & Co., Ltd., published in the *Calcutta Gazette* on the 21st

November 1953, disallowed it. Besides, I do not have before me the balance-sheets of different companies. I quote Shri Banerji's observation. 'It runs us :—

"On this principle I do not consider that the retiral benefits as awarded by the Mercantile Tribunal in 1949 for a large number of mercantile firms in Calcutta should be changed in the case of the present Company after such a short time". In that view of the matter, I reject this claim for gratuity.

Before I part with the record of this case, I think it worthwhile to dispose of one objection raised by the Company, though not specifically raised in the issues framed. But as it is a matter more or less of jurisdiction, and a legal objection to a certain extent, I consider the objection, and do not let it out. There are altogether 26 companies who are associated companies under the Managing Agency of Messrs. Martin Burn, Ltd. Of course, the order of reference does not mention them by name. It should have done, otherwise the order of reference becomes vague. Even after the award passed, if the lacuna is not removed, there may be difficulties in implementing the award under section 20 of the Industrial Dispute (Appellate Tribunal) Act. But in the present case, the Union has specified these companies in its written statement, and the Company has also directed its objection in respect of those specific companies. So what difficulty was there in the order of reference, has since been removed. It is the contention of the Company that the Managing Agents cannot be, strictly speaking, the employers. So these specific companies should be brought into the picture. They must present their say before the Tribunal. These companies, however, came up before the Tribunal, and gave their written statements. So this formal objection is not tenable. The specific contention of Messrs. Martin Burn, Ltd., is three-fold, viz.,—

- (1) Regarding Railway Companies Nos. 2, 6, 7, 10, 11 and 17. The appropriate Government is not the State Government, but the Central Government. So the present Tribunal is not competent to go into the case of those companies. This contention has been conceded by the learned Advocate of the Union. I also accept it. So, I award that the companies Nos. 2, 6, 7, 10, 11 and 17 as per written statement of the Union altogether six companies, will not be bound by my present award.
- (2) The Company's contention regarding the Electricity companies is that profits are limited to 5 per cent. under the Electricity Act, 1948. So if the expenditure is increased by the Tribunal, in granting relief to the workmen, that will contravene the said Electricity Act. These Electricity Companies are Nos. 1, 3, 4, 14, 16, 19, 20 and 21, i.e., altogether eight companies. I do not accept the Company's aforesaid contention. The Statute may have fixed the dividend or profit which the Companies are entitled to earn being public utility concerns. But that is no reason why the wages of the labourers or workmen working in the said concerns cannot be increased. The expenditure never is, or can be fixed. The heads may be specified. So the Companies are certainly bound by my award.
- (3) Regarding the other companies, the general objection of Messrs. Martin Burn, Ltd., is that under the order of reference two conditions must co-exist, and be satisfied before they can be made liable under the award. These conditions are viz.,—
 - (1) That Messrs. Martin Burn, Ltd., must be the Managing Agents of the respective concern;

(2) That the respective concern must be located at 12, Mission Row. In this view of the matter the Company urges that in some cases Messrs. Martin Burn, Ltd., are not the Managing Agents. In some other cases, some concerns have shifted from 12, Mission Row. So the award cannot be made applicable to them. I, of course, accept that where Messrs. Martin Burn, Ltd., are not the Managing Agents, the award will not be binding because that Company is not attracted under the order of reference. But where the companies have shifted to some places other than 12, Mission Row, subsequent to the order of reference, my award will bind them. Once a dispute has arisen, and the cause of action exists, mere change of place will not affect the result. In this view of the matter Messrs. C. A. Parsons & Co., Ltd., No. 22 is not bound by my award because Messrs. Martin Burn, Ltd., are not their Managing Agents. This is so in respect of Messrs. A. Reyrolle & Co., Ltd., No. 23. Similarly, Gas Accumulator Co. (India), Ltd., No. 8, does not have Messrs. Martin Burn, Ltd., as its Managing Agents. Also in the cases of Sternol, Ltd., No. 25, and Standard Telephones & Cables, Ltd., No. 24, Messrs. Martin Burn, Ltd., are not their Managing Agents. Gas Accumulator Co. (India), Ltd., and Leyland & Birmingham Rubber Co. (India), Ltd., No. 26, have no staff at 12, Mission Row. The latter has also gone into liquidation, and Messrs. Martin Burn, Ltd., are not its Managing Agents. So they all go out of my award. So the Companies which remain to be affected by my award are eight Electricity Companies, viz., 1, 3, 4, 14, 16, 19, 20 and 21 and also Messrs. Indian Iron & Steel Co., Ltd., No. 12, Messrs. Burn & Co., No. 5, Messrs. Robert Hudson (India), Ltd., No. 15, Hooghly Docking & Engineering Co., Ltd., No. 9, and Sone Valley Portland Cement Co., Ltd. No. 18 of the Union's written statement, besides the Companies whose cases are dealt with specifically below.

Regarding these companies the Company states that they accepted the Mercantile Tribunal's award only by sufferance. So, further increment will not be possible, nor permissible. I do not accept this contention. They might have accepted the Mercantile Tribunal's award as an act of grace. But once accepted, these terms became the service condition of the workmen concerned. That being so, further increment can very well be given provided a proper case is made out. So they are bound by my award.

Regarding the Hooghly Docking & Engineering Co., Ltd., No. 9, it is contended that his concern is governed by the award of the major Engineering Tribunal, and not by the award of the Mercantile Tribunal. It cannot be held bound in the present reference which is based on the Mercantile Tribunal's award. But here we are concerned with the Head Office staff located at 12, Mission Row. Even in the case of the Engineering Tribunal some of the Head Office staff came to be governed by the Mercantile Tribunal's award by their choice. So in the present case I hold that this Company is bound by my present award.

Regarding the Indian Standard Wagon Co., Ltd., No. 13, it is contended that it has no staff at 12, Mission Row. I find this to be a fact. That being so, I cannot bind this Company by my present award which relates only to the staff. The award cannot be an academical one. So the Company goes out of my present award. Thus the Company's objection is accepted in part in the present case.

In this award, I have referred to the companies according to the serial number given in the Union's written statement. To avoid confusion, I give below a complete list of companies which were before me in this adjudication with their corresponding serial numbers:—

A list of all associate companies of which Martin Burn, Ltd., are the Managing Agents having their office at 12, Mission Row, Calcutta, according to the Union's written statement.
